Nationalists In China Retreat Across Yangtze

Indications Multiply That Surrender Talks With Communists Are Imminent

REDS ARE NEARING NANKING NOW (BULLETIN)

NANKING, Jan. 25.—(INS)—The entire Chinese government, except the cabinet, was reported preparing tonight to abandon Nanking hastily in the face of a communist drive to the Yangtze's north bank, within artillery range of the capital.

NANKING, Jan. 25.—(INS)—All remaining Nationalist forces north of the Yangtze are retreating to and across China's mightiest river today amid multiplying indications that surrender talks with the Communists are imminent.

(A Reuters dispatch from Shanghai quoted the north Shensi Communist radio as declaring willingness to negotiate peace terms with the Nationalists and suggesting that such talks be held in Peiping.)

(Reuters also reported that the legislative Yuan at an informal session tentatively decided to evacuate Nanking Saturday.)

Communist Troops Move In
Advance patrols of 100,000 Communist troops moved to the Yangtze's north bank, within shelling range of Nanking on the river's south shore. Other Yangtze points eastward toward Shanghai also were reached or approached by the Red units.

Nanking military sources disclosed that government troops are abandoning their remaining positions north of the Yangtze in a vast withdrawal to the south of the stream through Pukow and other river ports.

Nationalist forces which had given up the garrisons of Kuachou and Shihherhyu, 40 miles northeast of Nanking, reached and crossed the Yangtze this morning.

Take Up New Positions
These units took up new positions at Chengkiang, 40 miles east of the tense national capital.

Mild weather of the winter so far has resulted in considerable saving to the organizations that are required to keep streets and highways clear of snow and in passable condition.

Defense Makes Claim 'Axis Sally' Was Victim Of 'Hypnotic' Official

WASHINGTON, Jan. 25.—(INS)—The defense claimed today that "Axis Sally," on trial for war-time treason, was the victim of an "hypnotic" German official.

James J. Laughlin, counsel for Mildred E. Gillars, made this charge in his opening address to the jury.

This came after Prosecutor John M. Kelley, Jr., told the mixed white and negro jury that "Axis Sally" accepted Nazi money to broadcast "sugar-coated propaganda" on the German radio.

Earlier, one of the jurors selected yesterday was excused because she said she was opposed to capital punishment. Miss Gillars faces a possible death sentence if found guilty of the treason charge.

Treason Trial

Mildred E. Gillars, the Nazi radio "Axis Sally," arrives via police van at District Court in Washington Monday where she went on trial for treason. The 48-year-old defendant, a native of Portland, Me., was indicted by a federal grand jury Sept. 10, and faces penalties ranging from five years to death. She has been held without bail in the district jail.

Government Reorganization, Taft-Hartley Repeal, Among Measures Discussed
WASHINGTON, Jan. 25.—(INS)—Congressional leaders conferred with President Truman today on government reorganization procedure, Taft-Hartley repeal, and other legislative problems.

House Speaker Rayburn (D) Tex., said it was agreed that the following agencies would be exempt from the reorganization process:

Interstate Commerce Commission, Securities and Exchange Commission, Federal Reserve System, and Federal Trade Commission.

Rayburn told reporters that Mr. Truman and the Democratic leaders will leave to the proper committees the question of whether new labor legislation should be in "one or two packages or half a dozen."

Favors "One-Package" Repeal
However, the speaker declared that he personally favors "one-package" repeal of the Taft-Hartley act and substitution of a new labor law.

The conference was the first the president has held with the congressional "big four" since he took the oath of office for his new term.

Besides Rayburn, leaders present at the White House meeting were Vice President Barkley, Senator Majority Leader Lucas (D) Ill., and House Majority Leader McCormack (D) Mass.

It was pointed out that the decision to exempt certain agencies from reorganization plans differs from the president's request to congress for sweeping authority to reshuffle and consolidate government divisions.

Mr. Truman, in asking for the authority, declared that exemption of several agencies, as was provided for under the old law in effect until last spring, would greatly weaken the whole reorganization effort.

Rayburn said, however, that he understood Mr. Truman to agree with the arguments of the leaders that agencies which clearly were "arms of congress" should not fall within the executive's reorganization powers.

The speaker added that the congressional group discussed with Mr. Truman a wide range of legislative matters and foreign affairs, but emphasized the reorganization plan, the Taft-Hartley act, and the question of a legislative budget.

Yugoslav Copper Shipment Arriving

NEW YORK, Jan. 25.—(INS)—Large shipment of Yugoslav copper was cited today as representing the first tangible results of the recently announced policy of Premier Marshal Tito aimed at trading with the west.

S. Ullman, president of the metal importing firm of Phillips Brothers of New York, to whom the copper is consigned, said the shipment would be about 3,000 tons. It is expected to arrive tomorrow.

He refused to divulge the price paid, but industry observers pointed out that the situation in the copper market today is so tight that some consumers are paying a two cents a pound premium for resale copper.

United States copper producers, moreover, are reported to be rationing their supplies, although maintaining their price at 23 1-2 cents a pound.

Rotary Host To Rural Friends Monday Evening

Annual Rural-Urban Meeting Is Addressed By Outstanding Farmers
PROBLEMS OF FARMER TOLD
Farmers' problems are not mostly the weather, New Castle Rotary members learned Monday evening when they were addressed by five outstanding county farmers at the annual rural-urban dinner meeting, when each Rotary member invited a farmer friend to be his guest at the annual dinner meeting, which was held in the dining room of the First Presbyterian church.

The topic discussed was "What the Farmer Is Thinking About." The speakers included R. P. Peebles of Scott township; Wayne M. Walker of Little Beaver township; Charles B. Patton of Hickory township; N. E. Sampson of Wilmington township, and W. Sharp Fullerton of North Beaver township.

Jack Huston, president of the club, presided and introduced Allan Schmidt, chairman of the rural-urban committee, who had charge of the arrangements of the evening.

A group of pleasing musical numbers was rendered by the barber shop quartet, or rather it might be called a chorus, directed by Dave "Dy" Jones.

Mr. Peebles, the first speaker, felt that the farmer is facing a period of falling prices, in which he will be squeezed between high costs and low selling prices, and will have to work out the solution to this problem himself.

Mr. Walker, prominent young farmer, said that the farmer is facing a period of falling prices, in which he will be squeezed between high costs and low selling prices, and will have to work out the solution to this problem himself.

Princess Elizabeth Is Ill With Measles
LONDON, Jan. 25.—(INS)—An official Buckingham palace announcement said today that Princess Elizabeth is suffering from the measles.

The 22-year-old princess, now at the royal estate at Sandringham, is being kept away from her infant son, Prince Charles.

The announcement said that the illness is taking "its ordinary course." Elizabeth had never had the disease. She had been feeling ill for the past few days. The diagnosis of measles was made only today.

Green Expects A. F. Of L. To Get Members Boost

AKRON, O., Jan. 25.—(INS)—William Green, president of the American Federation of Labor, is confident that the eight million-member AFL will be increased to 10 million in the not-too-distant future.

Green, speaking in Akron at the dedication of the new International Chemical Workers union headquarters building, said that "the eight million will be increased to 10 million 'ere long, with the return of some large organizations."

He did not specify, however, which groups he expected to return to the AFL, but earlier he mentioned the United Mine Workers and the International Association of Machinists.

The 72-year-old president toured the new building commenting on its "tasteful decorations and general excellence."

Fifth Victim Of Blaze Succumbs

WINDBER, Pa., Jan. 25.—(INS)—A fire that destroyed the home of a coal miner at Cairnbrook last Tuesday today claimed its fifth victim.

Gertrude Snyder, 12, died last night in the Windber hospital of burns sustained in the blaze that took the lives of her mother, Mrs. Lawrence Snyder, and her three sisters.

Only two members of the family escaped death in the fire that was believed to have started in the kitchen of the small three-room home.

Lawrence Snyder, 40, the father, was reported in a "fair" condition in the Windber hospital from burns suffered when he rescued his 18-month-old son. The baby was uninjured.

The jury announced the verdict at 12:25 this morning after 48 minutes of deliberation. The prosecution had charged Smiley shot his wife with a .22 caliber rifle as she was feeding their one-year-old baby in their parked car.

Truce Negotiators Resume Efforts To End Deadlock

TEL AVIV, Jan. 25.—(INS)—Israeli citizens—Jews and Arab—cast their ballots today for a government which will lay the "permanent foundations" of the first Jewish state in 2,000 years.

Some 400,000 voters—including 100,000 newly arrived immigrants and 32,980 Arabs—are expected to go to the polls and choose from 21 party lists, ranging from the extreme left to right.

(Washington reports said that the U.S. will extend full—de jure—recognition to Israel as soon as the new government is named.)

Indications are that the moderate Labor party of Premier David

Elderly Woman Is Critically Burned

Mrs. Mary A. Jessum Is Terribly Burned In West Side Home This Morning
Mrs. Mary Jessum, aged 76 years, a widow of 1119 West Washington street, who lives with her elderly sister, Mrs. Clara Castle, suffered terrible burns about the entire upper part of her body, from which she may not survive at 8:30 o'clock this morning.

Mrs. Jessum had arisen and was attempting to kindle a fire when her dressing gown and night-clothing caught fire. Before aid reached her, she had been critically burned.

An ambulance was summoned and she was removed to the Jameson Memorial hospital, where she is undergoing treatment.

Autoists To Get No Extensions

HARRISBURG, Jan. 25.—(INS)—Acting Revenue Secretary Otto F. Messner warned automobile owners today there will be no extension of the automobile inspection period which closes January 31.

Messner also told drivers there will be no extension for renewal of operators' licenses which also expire the same date.

Messner said 2,800,000 operators' licenses for 1949 had been mailed as of January 24. He estimated that more than 3,100,000 drivers will apply for renewal of their permits by the deadline.

He said that applications for 1949 license plates will be mailed between February 4 and 10.

SENATE CHAPLAIN DIES

WASHINGTON, Jan. 25.—(INS)—The Rev. Peter Marshall, D.D., chaplain of the United States senate, died suddenly today at George Washington university hospital.

The noted clergyman, aged 46, presumably stricken with a heart attack, was taken to the hospital at 6:30 a. m. (EST) and died at 8 a. m.

British Ponder Problem Of How Thousands Of New U.S. Autos Arrived

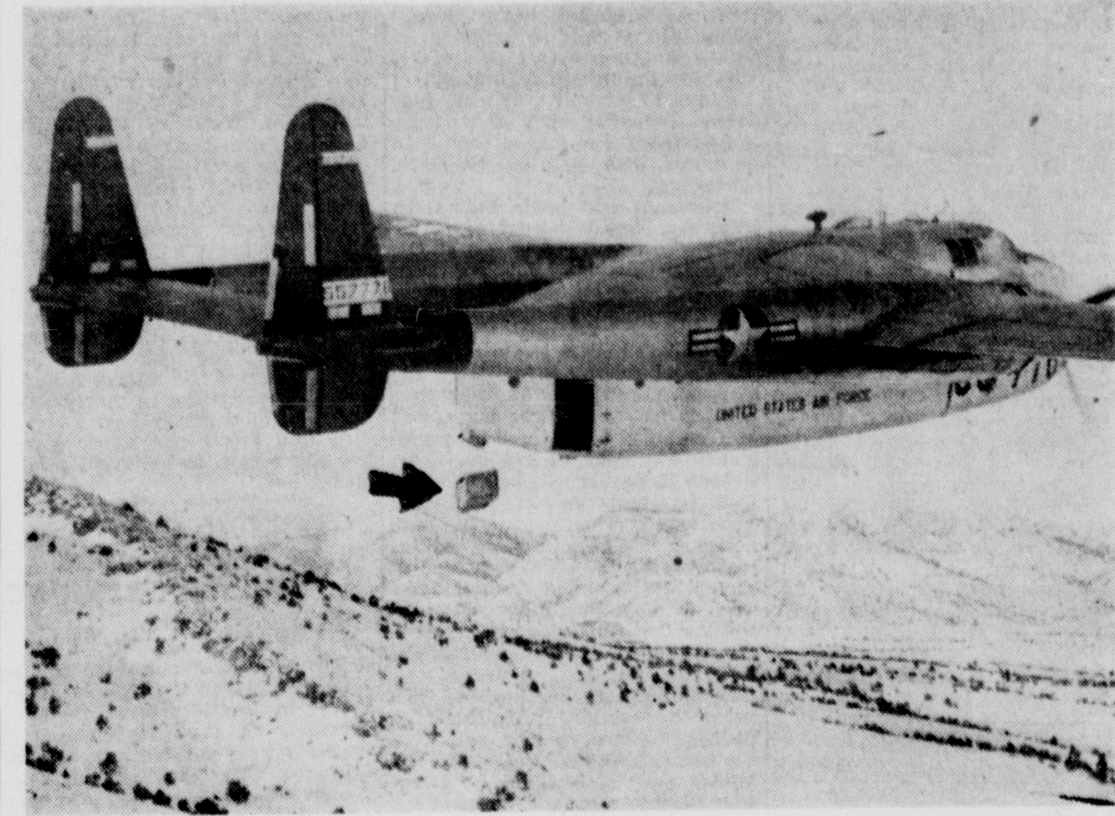

LONDON, Jan. 25.—(INS)—Scotland Yard's celebrated fraud squad is at work today on the problem that has baffled English pedestrians—how did the tens of thousands of shiny, new U. S. cars that crowd England's roads get into the country?

Estimates of the number of sleek, new-model American made autos in England range as high as 100,000—a figure given during the government's official inquiry into import-export fraud charges.

But—the government says that it issued licenses for the legal importation of only 92 U. S. autos in 1948.

Despondent Youth Commits Suicide Over Unemployment

NEW CUMBERLAND, Pa., Jan. 25.—(INS)—Leon A. Huff, 19, Eiders R. D. 1, was found dead today—a bullet through his brain and a diamond ring and wedding band in his pocket.

York County Coroner Lester J. Sell issued a verdict of suicide.

State Police Cpl. Joseph Salinger said Huff apparently was despondent over unemployment which reportedly prevented him from marrying a 15-year-old New Cumberland girl.

Air Freight At Allegheny County Airport Held Up

PITTSBURGH, Jan. 25.—(INS)—Air freight at the Allegheny county airport was tied up today as AFL teamsters refused to cross picket lines set up by striking drivers of the Airlines Transportation Co.

An estimated 1,000 tons of freight received mostly on the Capital Airlines, was reported waiting for consignees to arrange for removal.

Goods include deliveries for department stores and other commercial firms.

Chief support to the picket lines of AFL taxi cab drivers, local 129, is reported coming from AFL general teamsters, local 249.

The policy planning committee of AFL Teamsters Joint Council No. 40 voted sympathy to the strikers at a meeting Monday. The airport drivers have been on strike for two weeks. They want a reduction in the work week and a \$7.50 weekly pay increase.

Herman Tomaszewski, aged 59 years, of 4 W. Long avenue, was treated at the Jameson Memorial hospital at 12:15 p. m. Monday for a laceration of the right thumb, received when he dropped a casting on his hand at the plant of the New Castle Foundry Co.

Planes Are Used To Feed Livestock In Storm Areas

Winter's "Operation Blitz" In Operation In Mid-Western Sectors
FOOD IS BEING DROPPED FROM AIR (BULLETIN)
DENVER, Jan. 25.—(INS)—Winter's "operation blitz" torpedoed the Rocky Mountain and Great Plains states again today as the Air Force moved in with planes to stop skyrocketing livestock losses.

Giant C-82 "flying box-cars" were pressed into service to drop hay and other feed to an estimated two million marooned and starving cattle and sheep. Food and coal for snow-isolated ranchers also took up plane space.

The one-two punch dealt by the Arctic blasts showed no let-up early today after the cold weather and blizzards which began January 2, despite the slight lifting of the sub-zero barrage by a promise of warmer weather.

Flame Throwers Considered
To aid in "Operation Feedlift" the Army was considering the use of flame-throwing tanks to open lanes to starving herds in Utah, where losses in cattle and sheep were believed to be heavy.

Meanwhile, the Army was co-operating from Chicago to California to get hay and feed to the stranded livestock, many of whom already have perished in the flank-deep snow of the icy grazing lands.

Fifth Army Headquarters in Chicago ordered Army supplies and manpower into the western plains states.

"Operation Feedlift" was ferrying food for blizzard-swept livestock from western Nebraska and western South Dakota to Nevada.

Sixteen C-82s which flew into Nevada from Sacramento, Calif., were prepared to drop emergency supplies throughout the icy range-lands.

Pinball Machine Starts Columbus Building Blaze

COLUMBUS, O., Jan. 25.—(INS)—A pinball machine got hot today—and burned down a \$500 building and an unestimated amount of auto parts.

A passerby saw flames shooting through the inside of Walter Leslein's Service Station at Columbus.

Firemen answered his alarm and put out the fire, but not until the station had been gutted and unknown quantities of spark plugs, auto accessories and tires had been destroyed.

Firemen said the pinball machine "blew its top" when nobody was around. They traced the fire to a short circuit in the machine.

Britain Delaying Announcement On Israel Recognition

LONDON, Jan. 25.—(INS)—Authoritative British sources said today that Britain is likely to announce granting of de facto recognition to Israel tomorrow.

The decision to recognize the Jewish state was reportedly taken more than a week ago by the cabinet. Foreign Secretary Ernest Bevin, it was said, will explain to the house of commons tomorrow why Britain now proposed to recognize Israel after withholding diplomatic recognition for so long.

The British announcement, said to have been scheduled for today, was reportedly held up by discussion with members of the western European union and the dominions.

It was emphasized that full recognition will not be extended to the Jewish state until its borders are finally established.

HELD WITHOUT BAIL

PHILADELPHIA, Jan. 25.—(INS)—Seymour Levin, 17-year-old wealthy merchant's son, was ordered held without bail for the grand jury today at a coroner's inquest into the knife-and-scissors slaying of Ellis Simons, 12.

The inquest lasted only 35 minutes.

STUDENT SPEAKER AT COUNTY ART GROUP

Lawrence County Art Association met Monday evening in the New Penn Hotel, for its January meeting. Dinner was served at 6:30.

Speaker of the evening was Emerson Powell, senior art student at Carnegie Tech, whose subject was "Modern Art."

After a brief historical resume of the history of art, he spoke on art as it has developed in some places during the first half century. To illustrate, he showed examples of ceramic objects, of tin work, enamel on copper, paintings and abstract art. At the close of his talk he answered questions.

Members voted to comply with a request to make souvenir favors for the national W.C.T.U. Convention to take place in Philadelphia next fall. Mrs. Stella Lutton, Miss Ruth Gilchrist, Mrs. David W. Nesbitt, Jr., and Miss Virginia Foulke were named as the committee.

Miss Anna McClure presided. It was also voted to donate a good reproduction of a modern painting to the public library, the donation to be in keeping with the association's aim of making Lawrence County art conscious.

Mrs. Emerson Powell and Mrs. Clara Moore were special guests.

Reservations were in charge of Miss Martha Hanna.

The next meeting will be February 28, when Mrs. Howard Lightner is program chairman. The meeting place to be announced.

BETTY KWIAT IS FETED AT SHOWER

Mrs. Ernest Kwiat, of 110 Charter street, entertained a group of 35 guests in her home on a recent evening in honor of her sister-in-law, Miss Betty Kwiat, bride-elect of this month.

The evening was spent in an informal social time and music was enjoyed throughout the evening. The honoree was presented with an array of lovely gifts of a miscellaneous nature for use in her future home.

A delicious dinner was served buffet style at a prettily appointed table. The room was also prettily decorated in a color scheme of yellow green and white. The hostess was assisted by Mrs. Pearl Falls and Mrs. Mildred Kazenski. While the guests were eating they were entertained by songs sung by Robert Kwiat, nephew of the bride-elect.

Miss Kwiat, daughter of Mrs. Frank Kwiat, of 105 Vine street, will become the bride of Stephan L. Polley, son of Mr. and Mrs. Hassan L. Polley, of 1607 Delaware avenue, at an open church wedding Friday, January 28, at 7:30 o'clock in the First U. P. church, corner of Glen-Moore boulevard and Albert street.

GLADYS GRITTE FETED AT SHOWER

Miss Gladys Grittle, bride-elect of February, was the guest of honor at a lovely personal shower party held recently in a local tearoom, hostesses being Pauline Grittle and Betty Clymer.

Attending were Gladys' co-workers of the United Engineering company and friends.

Cards and contests were featured during the evening, with lovely prizes being awarded to the winners.

A dainty lunch was served at the close of play, buffet style with the white wedding motif predominating.

Miss Grittle, daughter of Mr. and Mrs. John H. Grittle, of Grandview avenue, will become the bride of Fred Jenkins, son of Mr. and Mrs. George Jenkins, of 837 Lathrop street.

The open church ceremony will be performed in the first Methodist church on Thursday evening, February 10, at 7:30 o'clock.

Butler Girls Club

Mrs. Alan Cartwright, of Wilmington avenue, entertained members of the Butler Girls club in her home on a recent evening.

Cards were played and an informal social time was spent. Delicious refreshments were served at a late hour to the guests, seated at a table prettily appointed in the mood of Valentine's Day. Mrs. Ed Book assisted the hostess in serving.

Mrs. Roy Ringer, of South Ray street, will entertain the club February 18.

'Axis Sally' Was Highly Paid For German Services

Nazi Propagandist Testifies At Trial About Her Wartime Broadcasts

WASHINGTON, Jan. 25.—(INS)—A Nazi propagandist testified today that American-born "Axis Sally" was the second highest paid employee of the German foreign radio service when she made her wartime broadcasts from Berlin.

This testimony came from Adelbert Houben, who was "Sally's" superior in the German radio set-up. Houben was the first government witness in the treason trial of "Axis Sally"—Mildred E. Gillars in real life.

Houben told the federal court jury that as a "paid, free lance employee," Miss Gillars averaged between 2,000 and 3,000 marks a month while she was making her "Home Sweet Home," "Midge at the Mike" and other broadcasts.

He said the only overseas service employer earning more than Miss Gillars was the "director general" whom he identified as a man named Winkler, who received "more than 3,000 marks" a month.

NAACP Installs Officers Sunday

John B. Campbell Is Inducted As President Of Local Branch

Installation of the new officers of the local branch of the NAACP took place at a meeting held in the Elm street YWCA Sunday afternoon.

Rev. George L. Smith inducted the new officers, instructing each in the importance and duties of his office.

The new president, John B. Campbell, responded with a timely address and pledged his every effort to the success of the year's program, and invited the membership to offer any suggestions which would be for the betterment of the group.

Other officers inducted were: vice president, Edward E. Smith; secretary, Miss Corinne Garside; treasurer, Miss Raymond McHenry; Berli Hall, executive committee, Dr. G. W. Garnett, Rev. J. L. McFarland, Thomas Farrow, William Pack, W. S. Wooten, James McCarthy, Mrs. Otha Jackson, Mrs. Mattie Webber and Dr. James A. Gillespie.

The soloists for the day were Mrs. Edna Smith, soprano, and W. M. Nelson, baritone, who sang a group of lovely numbers. They were accompanied at the piano by Mrs. Douglas Garside.

After the program, tea was served by the committee, with Mrs. George and Mrs. Mattie Webber pouring.

NATIONALISTS IN CHINA RETREAT ACROSS YANGTZE

(Continued from Page One)

They faced Communist troops which had taken Yangchow from the Nationalists yesterday and moved seven miles farther south to the Yangtze's left bank.

A Red crossing of the broad river at Chengkiang was expected to be attempted soon.

The Nationalist navy, meantime, patrolled the lower Yangtze between Nanking and the Shanghai area with 68 naval craft, supplementing ground defenses newly set up along the south side of the river.

Reliable sources estimated the Nationalist garrison troops in the Nanking area to total 190,000, with another 200,000 stationed in the Shanghai region.

Li Tsung-Jen Will Not Flee

Pukow, just across the Yangtze from Nanking, was being evacuated following the Nationalist abandonment yesterday of Puchen, five miles to the north. There were no reports as yet that the Communists had moved in to occupy Puchen.

Acting President Li Tsung-Jen promised the people of Nanking he will not flee the capital under any circumstances. As the city came within the reach of the nearby Red armies, Li's "caretaker" regime awaited word from the Communist command as to the time and place for peace negotiations.

London, Jan. 25.—Reuters reported from Shanghai today that the Chinese Communists have broadcast a declaration of willingness to negotiate peace terms with the Nationalists.

Reuters said the declaration was broadcast by the Communist North Shensi radio.

The broadcast reportedly declared that a site for the peace talks can be selected only after the "total liberation" of Peiping but suggested that they will probably be held in Peiping.

Deaths Of The Day

Mrs. Harry L. Rudolph

Mrs. Annie Catherine Rudolph, aged 75, of Volant, widow of the late Harry L. Rudolph, died at the Shady Side Convalescent Home, Grove City, at 4:05 p. m. Monday, following an illness of three weeks duration.

Born in Wilmington township, Lawrence county, October 18, 1873, she was a daughter of Thomas and Anna Layton Cox. In 1902, she married Harry L. Rudolph, who preceded her in death. She had resided in the Volant area her entire lifetime.

Mrs. Rudolph was a member of the Volant Methodist church.

Surviving are one son, Clayton of Grove City, and a brother, J. W. Cox of New Wilmington. Two grandchildren and a number of nieces and nephews also survive. Two sons preceded her in death.

Funeral services will be conducted Thursday at 2 p. m. from the Cunningham funeral home in Leesburg with Rev. Harry Silvis officiating.

Interment will be in Fair Oaks cemetery, New Wilmington. Friends will be received at the funeral home this evening from 7 to 9 o'clock and Wednesday from 2 to 4 and 7 to 9 p. m.

Mrs. Eklund Funeral Time

Funeral services for Mrs. Ida Maria Eklund, wife of Erick Eklund of 922 Winslow avenue, will be conducted from the family residence Thursday at 2 p. m. Rev. George R. Sarber will be in charge. Burial will be in Graceland cemetery.

Mrs. Eklund was born in Finland August 16, 1889, daughter of Victor and Amanda Luoma. She lived in New Castle for 40 years, and had been married for 39 years. Mrs. Eklund was a member of the Lutheran church.

In addition to her husband, she leaves her children: Walter, Mrs. Rachel Richard, Victor and Mrs. Geneva Fagan of Lincoln Park, Mich., and stepchildren, Albert and Sigrid; two sisters and one brother in Finland, and two grandchildren.

A daughter, Ruth, preceded her in death 34 years ago.

The body was removed from the Offutt funeral home to the residence, where friends may call.

Boron Services

Funeral services for Kazimierz Boron were held this morning from the family residence, 1701 Hanna street, at 9 a. m., followed by requiem mass at 9:30 o'clock, in St. Philip and James church. Rev. Fr. V. V. Stanciewicz was in charge.

Burial was in the parish cemetery with Stanley, Frank, Walter, Benjamin, Gabriel, and Joseph Boron serving as pallbearers.

Millionaire Denies Making Agreement

J. Frederic Byers, Of Pittsburgh, Testifies In \$31,080 Suit In New York

NEW YORK, Jan. 25.—(INS)—Ex-Actress Kitty Gordon Ranlet's attempts to be reimbursed \$31,080 which, she says, was spent to care for her daughter will continue today in supreme court in New York.

J. Frederic Byers, Pittsburgh steel millionaire, has testified he never agreed to such a financial agreement.

Byers, 67, is accused by the 71-year-old Mrs. Ranlet of having been an intimate of her late daughter, Vera Beresford, and promised to take care of the ailing woman's expenses.

The steel magnate testified before Justice O'Brien that some time around October, 1937, soon after Miss Beresford divorced Samuel M. White of Providence, R. I., he called on her.

"I found her in a very serious state," he said. "I intended to tell her I was going to marry Mrs. Schley (Byers' present wife) but she was so upset I didn't say anything."

The next day, however, he said he told her he was to be married. "It gave her quite a shock," Byers said. "She took it very bitterly. Vera said she always thought that if I was going to marry anybody, I would marry her."

"I told her I had never given her any reason to believe I would marry her."

ROTARY HOST TO RURAL FRIENDS MONDAY EVENING

(Continued from Page One)

dayman, told about some of the problems that the young man faces in getting established in farming. A high investment is necessary, he pointed out, and he is faced with the continual necessity of re-investment to keep abreast with new developments, particularly along the mechanical line.

Mr. Patton stated that new developments make necessary many changes in the field of farming, and stated that the farmer must face them as they come along. He stated that Lawrence county farmers are virtually out of the potato growing business, due to the fact that the soil here is not suitable to a continuation of this crop.

Fullerton Speaks

Mr. Fullerton, master of the Pennsylvania State Grange, spoke of a number of matters which the Grange is interested in. He stated that the farmers are interested in having education put back into the schools, showing the extremely harmful effect of alcohol on the human body.

He stated that the farmer is also interested in bettering educational facilities, but without federal assistance. New York, Pennsylvania and Ohio, he stated, would be putting four dollars into such an effort for every one dollar it got back.

Mr. Sampson discussed the milk hearings which are now being held in Pittsburgh, in which effort is being made to reduce milk prices three cents a quart. This, he stated, would be equivalent to a drop of \$1.38 per hundred weight.

Farmer Is Squeezed

If such a reduction was permitted, the dealers would absorb only 38 cents of the reduction, while the other dollar cut would come out of the farmers' pockets and would virtually mean that he would be working for nothing. He gave the results of a survey conducted in Pennsylvania, which included 31 dairy farms in Lawrence county. The only place the farm can cut down, he stated, is in the price of his own labor, which is figured now at 77 cents an hour.

It was pointed out by the speakers that if the farmer were to give his wool away it would only reduce the price of a suit of clothes about five dollars, and if he gave away his wheat the price of a loaf of bread would only be decreased three cents. The cost of such retail items lays between the farmer and the customer, it was pointed out.

The meeting was well attended. It was a fine dinner, and the Rotarians felt at the close of the program that they were in a little closer touch with the farmer and his problems.

from Dec. 11, 1941, when war declared between Germany and the United States.

He said at that time she was working for the German Radio Broadcasting Co., "a creature of the German state," and asserted that she continued throughout the war for that company, issuing propaganda established by Hitler.

Kelley declared that Miss Gillars followed the "propaganda line of dividing the Allies by sowing seeds of suspicion and discontent."

The black-clad, gray-haired defendant listened intently, never taking her eyes from the prosecutor.

Wartime Officials To Testify

Washington, Jan. 25.—(INS)—Two wartime officials of the Nazi radio are slated to testify today against "Axis Sally," grey-haired American spinster on trial for treason.

The prosecution plans to lead off its case with the Germans in an attempt to nail down at the start its charge that "Sally"—Mildred E. Gillars in real life—was a "paid collaborator" who spread German "official propaganda" in her folksy broadcasts during the war.

Miss Gillars faces a death sentence if found guilty of committing treason in broadcasts bearing such titles as "Midge at the Mike" and "Home Sweet Home," which she beamed to American troops and the folks at home.

Two opening witnesses are Adelbert Houben, former broadcasting manager of the German overseas radio service, and Hans von Richter, who was assistant head of the U. S. A. zone of the service.

Treason Trial Veterans

They are treason trial veterans, having appeared in Boston against Douglas Chandler and Robert H. Best. Chandler and Best received life sentences and were ordered to pay \$10,000 fines as a result of broadcasts made for the Germans. Houben was scheduled to take the stand after Prosecutor John M. Kelly, Jr., and Defense Lawyer James J. Laughlin make their opening statements to the jury.

The jury, half white and half Negro, is made up of six men and six women. Jurors were selected Monday and sworn in before Federal Judge Edward M. Curran who is hearing the case in U. S. district court.

A high spot of the trial will be the playing of actual recording of "Axis Sally" programs, for which purpose the courtroom has been wired and equipped with 40 sets of earphones.

*** Farmers who have sown winter crops of wheat are particularly glad that the past weeks which have been quite snowless, that the weather has been mild. Thus far, the wheat crops have not been frozen out. If snow blankets the ground during the colder weather, the wheat has a much better chance of survival.

*** Pa Newc notes that more outdoor projects which are generally delayed until warmer months have been started this year than for some few years back. The unseasonal weather accounts for the spurred activity in remodeling and new building.

*** It is interesting to note about 50 percent of the drivers of the large convey trucks hauling new automobiles through the city make use of the alternate route on 422 down South Jefferson street and up over Taylor street, while the remainder use the regular route over East Washington street.

At the same time President Truman promised a \$100,000 allocation from an emergency fund to aid Indians and stockraisers in the western blizzard-stricken area. And

western senators asked Congress for a half-million-dollar emergency fund to meet the heavy losses.

Losses Are High

The Army called into service in addition to the "flying boxcars" several "weasels" track light vehicles—liaison planes and helicopters to aid in its rescue operations. Estimates of losses in Nevada reached an estimated value of \$10 million.

TAXES - - - TAXES - - - TAXES

When our law-makers at Harrisburg wanted to give the municipalities more power to tax, they would have saved a lot of people a lot of trouble, if they would have passed an Income Tax, then all of this fuss about who should get what, and who should collect same, would be a thing of the past, and anyone, with good judgment, knows that the taxes finally come off of the consumer.

Many a city which had adopted this Tax, have done away with it already. And, again, when these same law-makers, and the law-makers of cities that adopted these taxes, come up for election, this ten mills tax will still be remembered. Not that people do not want to pay their share of taxes, but it could be paid with a lot less trouble.

Nusku was a Babylonian and Assyrian deity. He appears to have been a personification of the sickle of the new moon, and was probably at first a lunar god, then a light or fire god.

The Mount of Offense is not far from the Mount of Olives in Palestine (the modern Bat el Hawa), where, according to tradition, King Solomon erected altars for the heathen gods of his foreign wives.

In early New York, in 1714, the justices and vestrymen of the city refused to pay the Rev. Mr. Vesey's salary, because he had left the city temporarily without their permission.

Taft-Hartley Repeal Drive Is Speeded Up

WASHINGTON, Jan. 25.—(INS)—The Democratic drive for Taft-Hartley law repeal is on a speeded-up timetable today under strategy designed to block Republican efforts to preserve any part of that measure.

The senate labor committee, after prodding by Majority Leader Lucas (D) Ill., voted to wipe out the Taft-Hartley act, restore the Wagner law and modify the latter in abbreviated hearings ending Feb. 10.

It will be a "one-package" labor bill, contrary to the demands of organized labor, but Democratic leaders hope to restrict the Wagner act amendments to the proposals recommended by President Truman.

In his state of the union message, Mr. Truman called for a ban on jurisdictional strikes, unjustifiable secondary boycotts and strikes over interpretation of contracts and machinery for handling national emergency disputes.

Sen. Thomas (D) Utah, chairman of the senate labor committee, said he plans to introduce Thursday a bill now being completed by Secretary of Labor Tobin embodying the president's proposals. The measure will be introduced in the house by Rep. Lesinski (D) Mich.

Thomas added that he hoped the committee could begin hearings Friday with Tobin as the first witness.

Report German Soviet State Is To Be Proclaimed

LONDON, Jan. 25.—(INS)—Political circles in Berlin reported today that Russia plans to pull her occupation troops back to the Polish frontier early this summer and proclaim an East German Communist state.

The London Daily Telegraph, quoting Berlin reports, said that the Soviet withdrawal will be to the line of the Oder and Neisse rivers, 45 miles east of Berlin.

The newspaper said that the Soviets have already set up governmental organs which will be recognized as a "people's government" when the withdrawal takes place. Thus, the Kremlin would be able to claim that Eastern Germany is "self-governing" while Western Germany is still occupied by the U. S., Britain and France.

Russia, according to the Telegraph, would use this claim as the springboard for increasing Communist agitation in the west.

The paper added that should the plan fail, Red Army troops would re-occupy all of Eastern Germany in a single day under a special "mutual aid agreement" with the puppet regime.

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

However, there are many instances in which the whining youngster should be sent to another room to remain until he can "come out smiling" or, preferably, have to sit in a chair where he can be seen, doing nothing for a definite period. Often such measures prove very effective in cultivating desirable self-control.

When a child is kicking or shrieking, the best procedure, as a rule, is to do nothing and say nothing, not only ignoring him outwardly, but not even having any stirrings in your insides—psychological ignoring.

If, however, the young child in rage is endangering the furniture, some person, or himself, a sound paddling might be very desirable and effective, if it is connected directly with the act and not vaguely with his anger. APPROPRIATE CLOTHES FOR THE CHILDREN

In the days of our forefathers boys and girls were dressed like little men and women. In the last 40 or 50 years we have developed clothing especially fitted to the children. There are large, easily buttoned buttons, sturdy materials that resist wear and tear, ample provisions for free movement of all parts of the body.

Yet some parents are more interested in the appearance of their children than in the provision of suitable clothing for normal play activities. Thus youngsters are sent to school in white starched suits or dresses with all sorts of "buttons and bows." Or they go out to play in clothes that are supposed to be kept clean and neat.

More and more schools are encouraging parents to send children to school in overalls or other garb appropriate for work experience. When school was largely a matter of sitting still, reading, writing, figuring and spelling, "dress up" clothes weren't so bad. Today in school, at home and in the neighborhood, we permit an even encourage a much more active kind of living for youngsters—one suited to their physical and emotional needs. And the right kind of clothing is an important part of the equipment for active play.

WASHINGTON CALLING

(Continued from Page Four)

This alone would cost upwards of \$150,000,000. The government has a series of projects in connection with a far-reaching agriculture program that is designed to make India self-sufficient in food supply within a relatively short time.

India is a perfect example of how technology and capital can be employed to transform living standards. With the prospect that political and religious differences can be resolved, both India and Pakistan are hopeful of moving into the age of modern technology.

The world bank would seem to be the ideal instrument to underwrite this advance. It should be the focus of the whole program that the president talked about in his point No. 4. Soviet Russia is not a member of the world bank; therefore the veto does not operate.

This country cannot escape its share of responsibility for the present impotence of the United Nations. Bowing before the symbol of the U. N., we proceed to bypass it. However, much this may seem to have been dictated by the obstacles of the veto and Russian aggression, the facts cannot be denied and it is time we faced them.

Here in the president's proposal and in the world bank there is a chance to demonstrate that this country does not intend to usurp the U. N. role. Realism and idealism are not always in conflict.

Says 'Comics' Are Not Too Dangerous

Chicago Psychiatrist Believes That
Comic Books No Worse Than
'Jack The Giant Killer'

CHICAGO—(INS)—A noted Chicago psychiatrist believes that comic books are NOT as dangerous to children as people have been led to believe.

Dr. Sophie Schroeder Sloman, acting director for the famed Institute for Juvenile Research in Chicago, asserted that the role of the so-called comic books in scaring

the wits out of the younger generation has been overstressed.

She added: "I do not believe they have much of an enduring effect that is harmful."

"The comic books aren't much different from the 'Jack the Giant Killer' stories we read as children," Dr. Sloman had no such kind words for horror movies as far as the younger set is concerned. She pointed out that films of the "Dracula" and "Frankenstein" type are harmful because their impact is dispatched by both ear and eye.

She noted that the effect is especially marked on insecure, nervous children.

She said the horror movie intensifies anxieties and fears in this type of child and leads to poor relations with the parents.

In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

The ears of the world were tuned to the voice of Moscow today for the earliest possible answer to a burning question—was the rebellion in China that ended the 22-year-old Nationalist regime staged on direct orders from the Kremlin or was it really a "peoples' uprising" against an unpopular government?

The second explanation, of course, is a characteristic Soviet "line" in itself.

But the extent of Russia's so-called determination to maintain a "hands-off" policy on the grounds that the Chinese overthrow is a purely domestic turn of affairs must be judged on the words and actions of the Kremlin.

Can Be Tested

This vaunted Soviet sincerity can be tested on a number of points. First, will China's Communists insist on the arrest and trial of Generalissimo Chiang Kai-Shek as a "war criminal"?

Despite the aloofness and dictatorial policies which won for Chiang a good deal of personal popularity at home, it is inconceivable that the rank and file of Chinese people for whom he labored unceasingly would demand his head now that political fortunes have turned against him.

If the once-powerful "gissimo" is treated with respect as a retired individual eclipsed for the meantime whose sage advice and counsel still is welcomed, the theory of an internal uprising naturally will be strengthened.

Of Tremendous Importance

This is of tremendous importance. Collectivization is the pivotal center of Communism. The system could not exist without it. Even in the Soviet Union, the Red masters have had to put it into effect by force, running the risk of an eventual revolution that could involve all of Eastern Europe.

There never has been anything fictional about the importance of the soil to the Chinese people.

An acre or two, handed down from father to son, has been more important than anything else throughout history. For a paddy field or a few hundred square yards of bare and reluctant earth a Chinese will give his life, pay taxes and give armed service to a war lord and ask almost none of the world's luxuries.

With their overwhelming military strength, the Communists are in a position to make each one of the pitiful farms part of a vast governmental system.

By Sheer Force

But it will have to be done by sheer force. And if it is done, this will be conclusive proof that there was nothing of popular inspiration at all in the movement that has created another China, for good or evil.

A third point that will touch very closely upon the strong "stop Communism" policy enunciated by President Truman in his inaugural address will concern the occupation and government of Korea.

If this China affair is actually another adventure by Joseph Stalin,

in his attempt to isolate the western world, it may be expected that Mao Tse-tung and his new government will demand a hand in the affairs of South Korea.

Such action would make the United States' position in that far off land much more difficult than it is now—and at present it is none too easy with a huge Soviet-trained army of Northern Koreans poised at the 38th parallel against a handful of American occupation troops.

These will be the three main tests.

As usual, the Soviets will display adroitness in their handling of the issues and will show to the world that purport to be clean hands. But the issues are so clear and forthright that they cannot be dodged completely and Russia's guilt or innocence soon will be plain for all to see.

Looking At Life

By ERICH BRANDEIS

Today we will have a brief lesson in economics such as I learned from the owner of a Diner where I had my lunch yesterday.

The lesson gains nothing in value by the fact that the Diner is located on the Albany Post Road just outside Ossining, that little Westchester County town where Sing Sing Prison is located.

Unless it is that there are quite a few inmates in Sing Sing who had ideas on economics similar to those of my friend of the Diner and that they, unlike him, put those ideas into practice.

This combination restaurateur and economist, his name is George, thinks that the world is all wrong and that something ought to be done about it.

He thinks particularly that the United States is all wrong, and that capitalism and capitalists should be eliminated once and for all.

He showed me a clipping from the local newspaper. There was the picture of a lovely young girl, about sixteen, and a long story with it.

"That's my niece," he said proudly. "She has just come here from Athens. She no like it."

"Too much work. Not enough play. Rush, rush, rush all the time, she say. For what? For where?"

George and I were alone in the place, it being after the regular lunch hour, and after insisting that I eat my peas and my mashed potatoes that came with the hot roast beef sandwich, he said, "Nice sandwich, eh?"

"Yes, nice sandwich," I agreed. He then announced that all his sandwiches were good, that his coffee was excellent and his pies delicious, and that, in consequence, his place was a very fine money maker.

Would I like to buy it?

"No!" I said definitely. Then he confessed.

He was sick and tired of working fifteen hours a day, and of having whatever help he could get pilfer the cash register every time he turned his back.

If he could ever get enough money together he would buy himself a little garden and just sit in the sun and sing and play.

"But how would you do it?" I asked.

"By investing my money, of course, and living on my dividends."

"But," I queried, "didn't you just tell me that capitalism is a crime? That corporations make too much profit? That the workers should get much more money, and the bosses much less? Didn't you tell me that the hours are too long and that it wasn't right that some people should be able to sit in the sun and live on their dividends while others have to go to work in the cold and snow?"

George thought for a while. Then he said: "Yeah, but I was talking about the others, not about me."

Thus endeth our lesson in economics. (Distributed by King Features Syndicate, Inc.)

From Me To You

By MESEALL

Say friends . . . do you really want to have a good time . . . get in some good belly laughs? . . . here's what you do . . . buy a ticket to the Donkey Olympics . . . to be held in The Arena tomorrow night . . . The New Castle Lions Club are the sponsors . . . but more than just sponsors, they are putting many members into the act.

Surprising though it may be . . . the Donkey Olympics is not merely a basketball game with the players using donkeys for transportation . . . no indeed . . . 12 acts of a very interesting nature will precede the basketball game . . . and that's where the members of the Lions Club come into the showing.

Tom Fletcher . . . well now . . . if you want to see clowning as it should be done . . . Tommy boy is the one to see . . . He will be every place and to insure his act against accidents he has been visiting the donkeys at regular intervals . . . for the past four days he hasn't taken a meal without first asking their permission . . . but we can't tell you all the secrets of the evening . . . you will have to take time and make Wednesday evening your evening to go to The Arena and laugh and laugh . . . and what time do you think the entertainment will start?

7:57 . . . yes sir, that's the way the Lions boys do . . . start on the tick of a clock . . . 7:57 p. m. . . remember that . . . now if it was the Rotary Club boys, they would have published some such time as 8:30 and no one would have paid much attention . . . but when an organization goes the nth degree to figure out a schedule and come up with a 7:57 starting time . . . you can mark down in your book that they really have something good up their sleeve.

By the way . . . monies received by the New Castle Lions from this performance will be used to further their very worthy work among the various civic activities in our community . . . and here's a tip, if you can't buy a ticket . . . call Councilman Dick Davis . . . he'll get you one.

Washington Calling

(By Marquis Childs)

Use Of World Bank Urged

WASHINGTON, Jan. 25.—One of the ablest men in public life anywhere is John J. McCloy, chairman of the International Bank For Reconstruction and Development.

Fortnight and outgiving far more than most officials, McCloy has lately been speaking his mind about the role of the bank, which is an agency of the United Nations, and also about the role of Uncle Sam as lender to the world.

In a lengthy conversation some time ago, McCloy expressed his ideas to President Truman. Out of that talk may well have come the concept for the much discussed point No. 4 in the inaugural address, proposing that American capital and American technology combine on a new basis of investment abroad to develop untapped natural resources.

Dubious of Loan Phase McCloy has long been dubious of the loan phase of the European aid program. He believes the loans are unrealistic in terms of possible repayment; And, furthermore, they handicap the effort to bring about coordination of the European economy.

To illustrate his conviction that the lender is bound to be disliked, McCloy tells a story about the elder J. P. Morgan. A friend told Morgan that a certain industrialist hated him intensely.

"Why," said Morgan, "how can that be? I never loaned him any money."

At the same time McCloy has

made no secret of his concern for the status of the world bank. As with other phases of the United Nations, which began with bright hopes, events during the past two years have cut across the function of the bank.

It was intended to make constructive loans, sound from the point of view of eventual repayment but at interest rates lower than a private bank would fix, to develop retarded and colonial areas of the earth. Power and irrigation projects, mining and timber development were to be submitted as the basis for loans from the bank's funds.

Bank Little Used In actual fact, in spite of having the ablest direction from its inception, the bank has been little used. The European aid program dominates western Europe, where the greatest opportunity existed for the kind of lending the world bank was designed to do. While the need is great in the Middle East, the strife and chaos there have made lending seem too hazardous.

In eastern Europe, the fact of the cold war has deterred the bank from making what would otherwise be constructive and useful loans. Under consideration for a long time is an extensive project to exploit the timber resources of eastern European countries under a bank loan.

So quiet is the backwater in which the bank has found itself that McCloy's friends and admirers have hinted that it was time for him to put his great talents to more immediate and practical use. They felt that he was too valuable to be in a position that had begun to look like a dead end.

Investigate In India This is not to say that the bank is doing nothing. A mission from the bank is now on the way to India to inspect a whole series of projects for which the Indian government is seeking loans.

The railroads of India need rehabilitation and reorganization. (Continued on Next Page)

Health Talks

By DR. W. A. WOMER
City Health Superintendent

Things should pick up at the Communist trials in New York now . . . all the news photographers are back from the inauguration.

But for four days it was pretty lonesome for the pickets marching up and down there and no flash bulbs.

And now China is stealing the headlines and spring training will be along in another month.

No one seems to know what will happen in China . . . some say the Soviet will take over and others think they're too smart.

But Chiang will be missed by the people . . . he always looked so immaculate and well fed to them in their rags and poverty.

Even people who favor the Nationalists must have noted that he quit with his kinono still unwrinkled.

And nobody ever won a war without getting some dust on his carpet slippers.

Shoe styles change too. Some of the styles are not very good for the feet. Shoes should fit properly, no matter what the style is. Shoes which do not fit properly are the cause of a lot of trouble. Corns and bunions and callouses do not feel good.

Children's feet should have good care.

They Say

WASHINGTON.—Sen. Douglas (D) Ill. . . "Members of the Senate Labor committee should forego cocktail parties until they completed hearings on new labor legislation."

ROME.—Palmiro Togliatti, Italian Communist leader . . . "If Russia really wanted war it would have waged it two years ago when the United States and Britain were wholly unprepared."

WASHINGTON.—Sen. Humphrey (D) Minn. . . "The United States has taken too much unilateral action instead of using the facilities of the United Nations in its efforts to win friends."

OMAHA.—Hugh Scott, Jr., GOP national chairman . . . "I have no intention of resigning because I believe the party needs an impartial chairmanship and leadership to fight its battles without regard to candidacies which must be postponed to a later date."

Another Television View

By PAUL GALLICO

From time to time I have tossed a gentle satiric brick in the general direction of television. Everybody duck. Here comes a posy. It's just one of the most wonderful inventions ever. This is one for the people.

Not that I own a set, mind you, or intend acquiring one. I wouldn't dare. I'd never get any work done. No good for folks who work at home and live by thinking, reading and writing. You turn the knob just to see what's doing and bingo, you're hooked—even if it's a bum movie. You've just got to see how it comes out.

But for people who are out all day, slugging for a living and who come home at night in need of rest, relaxation and amusement, video is unsurpassed. I've been catching shows here and there and, crude as the industry still is, it is nevertheless more fun than a barrel of monkeys.

Changed Our Life

Got to talking to a cab driver the other day who had bought himself a set. He said, "Darned if I know how we ever got along without it before. Me and the wife and the two kids. It's changed our whole life. It's wonderful. I work a night shift, from about one in the morning, go to sleep late in the afternoon. But I let a couple of hours of sleep go just so I can get up and hang around that television set with the family."

"The Missus is crazy about it, and, as for the kids, why this is the greatest thing that ever happened. You know how kids are about going to bed. Now it's a cinch. Every night they look at 'Howdy Doody.' So when it's over the voice says, 'That's all for tonight. Now Howdy Doody wants you all to be good children and get right into bed and go to sleep . . .'

"Boom! That's it. My kids get up, go over and kiss the screen, beat it upstairs and ten minutes later they're asleep. Jiminy, that's living, ain't it?"

He also revealed that video was unparalleled for the kind of blackmail that harassed (or sometimes incompetent parents) practice on children. The cab driver said that all he had to tell the kids was that if they didn't obey their mother, or do what their daddy told them, no Howdy Doody that night. To date they had not been able to withstand this pressure.

Truly Enchanting

Some of the puppet shows they put on the screen for the kids are truly enchanting. Somebody awfully good is writing them. They've got to be good, because kids don't go for anything that is phony or written down to them or that is patronizing. There is one show with a live lady M. C. and puppets including a dragon with one tooth that I like to watch. The dialogue has that wonderful irresponsibility that appeals to children—of all ages.

I am excited about the medium because I see the dawn of a new political day. The video camera is murder on a phony. The lens gets right down under his skin and shows up the bunk merchant, fathead and faker. If a man has layers of insincerity beneath his peit it brings it out and smears it all over his face where everybody can see it.

Won't Fool Old Eagle Video Eye

The guys with the uncious voices used to be able to get away with it on the radio, but they won't fool the old eagle video eye any more than they used to be able to kid the newsreel cameras. When a wind-bag looking to eat at the public trough steps before the television cameras, bats his eyes and says, "My fellow citizens—" he'd better mean it. Also, he'd better look like a nice man and a human being. Creeps like Rankin and the later brother Bilbo could never garner a single vote via video.

I suppose all sorts of flaws will develop and we will be told that it is really very bad for the moppets because it will tend to take them away from their comic books, but right now, even in its infant stage, the medium is bringing more pleasure, excitement, entertainment and education to plain people than anything that has ever happened to them. I reserve the right to criticize the material used on it, but the medium itself is a knockout.

State Police Say:

Many drivers seem to forget that they are entitled to only one-half of the highway. This especially is true when temporary obstructions are placed on one side of the highway or where they encounter slow moving vehicles. Many times a driver will increase his speed and drive to the left to beat oncoming traffic past the obstruction or the slow moving vehicle. This condition, failure to yield one-half of the highway, ranks high in the cause of highway traffic accidents.

State Senate Speeds Action On Bonus Bill

Many New Bills Are Introduced At Session Of State Senate Monday

HARRISBURG, Jan. 25.—(INS)—Pennsylvania's soldier's bonus was getting the swift action promised as the State Senate today prepared to pass it finally and send the proposal to the House for concurrence.

The bonus, predicated on a constitutional amendment to allow the State to float a \$500,000,000 bond issue, received its initial start last week when it was introduced and given first reading simultaneously.

Thirty-five new bills were introduced yesterday.

Another bill to outlaw passing school buses when they stop to pick up or discharge children was tossed in the hopper by Sen. G. Robert Watkins, (R) Chester. Some half dozen bills in the legislative mill so far call for halting vehicles 10 feet from stopped buses. Motorists would be permitted to proceed past the bus at a speed of 1 mile an hour, under Watkins' proposal.

Restrict Auto Drivers

Further restriction of automobile drivers was recommended. Stiefel entered his bid to make the driving limit 18 years instead of the 16 years old and to withhold driving permits from persons involved in severe accidents until they passed another test.

Drivers would be obliged to take a driving test every five years under a bill sponsored by Sen. John W. Lord, Jr., (R) Philadelphia.

A Kephart bill would raise workmen's compensation from \$20 to \$35 a week.

Other bills would:

Abolish the Schuylkill river desilting fund; allow basketball and hockey on Sunday with voters' consent; set the limit on so-called small loans at \$600 instead of \$300; appropriate \$60,000 for the Nason hospital at Roaring Spring; make liquor law violation notices due within 30 days of such violation; set the old age assistance at \$60 including federal assistance; pension blind at \$50 instead of \$40 a week; bring the State Employees' Retirement Act of 1947 up to date.

Columbia Valley Authority Will Be Truman Proposal

WASHINGTON, Jan. 25.—(INS)—The White House said today that President Truman will recommend to Congress creation of a Columbia Valley Authority in the Pacific Northwest similar to the Tennessee Valley Authority.

Presidential Secretary Charles G. Ross said Mr. Truman has written letters to cabinet members and other officials directing them in work with the White House staff in preparing the program.

Ross explained that definite proposals for the creation of a massive power and river development project in the Columbia river basin probably will be completed and forwarded to Congress in the next few weeks.

Full Recognition To New Israel Government Seen

WASHINGTON, Jan. 25.—(INS)—The United States is prepared to grant full diplomatic recognition to the State of Israel following installation of the new Jewish government to be elected today.

Thus far United States recognition has been limited to the provisional government, proclaimed immediately after British abandonment of its Palestine mandate last summer, as the de facto regime of the infant republic.

President Truman is understood to have favored full recognition, which would have involved the appointment of ministers but was dissuaded primarily on legal grounds.

It was contended that a provisional government, set up without popular elections or a formal constitution, could not be recognized as a legally established governing body.

Meanwhile, the British government is reportedly decided to grant de facto recognition to the government of the new state. Full recognition of the state proper is said to have been withheld pending a delineation of Israel's boundaries, still to be established by the United Nations.

German Pianist's Concert Tour In U.S. Ends Abruptly

NEW YORK, Jan. 25.—(INS)—German Pianist Walter Gieseking is scheduled to leave the United States today for Paris after his concert tour was halted by immigration service.

The pianist, who reportedly earned a fortune in German-held territory during the war, agreed to get out of the country not later than 11 a.m. today.

He had planned a lengthy tour in this country and in Canada. But less than two hours before his scheduled appearance in Carnegie Hall in New York last night, the Justice department in Washington announced that Gieseking had yielded to widespread protests—mostly from veterans' organizations—against his wartime record.

The Carnegie cancellation came too late for most of the 2,760 patrons, who arrived to find a veterans' picket line growing around Carnegie Hall.

As harassed Carnegie officials passed out the bad news that Gieseking would not play, several hundred pickets turned the occasion into a victory demonstration.

Tifereth Israel Plans Symposium

To Explain Orthodox Judaism As Part Of National Torah-Tour Here On Wednesday

A delegation of three rabbis from the Rabbinical Council of America will visit New Castle, Pa., on Wednesday, February 2, to present a panel symposium on orthodox traditional Judaism as it is observed in American Jewish communities today.

The panel discussion will take place at Tifereth Israel synagogue, South Jefferson street, on Wednesday, February 2, at 8 p.m.

The guest rabbis are Rabbi Morris Berman, vice president of the Rabbinical Council of America and spiritual leader of Mt. Eden Jewish center, Bronx, N. Y., and Rabbi Samuel J. Chill of the Kingsway Jewish center, Brooklyn, N. Y., who last year volunteered his services to U. N. R. R. A., who appointed him as chief emigration officer for the religious D. P.'s in Germany.

This visit is part of a national Torah-tour sponsored jointly by Yeshiva university of New York, the Hebrew Theological college of Chicago, the Union of Orthodox Jewish Congregations of America and the Rabbinical Council of America.

Rabbi Israel Tabak, president of the Rabbinical Council of America, a national organization of 400 Orthodox rabbis said in announcing this Torah-tour, "The purpose of this tour is to put Orthodoxy on the march so that Jewish communities throughout the land may learn that the full colorful Jewish life offered by Orthodox traditional Judaism, when properly understood, can thrive in every Jewish community in the United States."

Rabbi Jules Lipschutz of Congregation Tifereth Israel is in charge of arrangements for the meeting to be held at Tifereth Israel synagogue on Wednesday evening and will preside. Greeting will be extended by Dr. Nathan N. Ginsburg, president of the synagogue. The entire community will attend. The Sisterhood of Tifereth Israel will tender a reception.

W. C. T. U. and L. T. L.

South Side W. C. T. U. Members of the South Side W. C. T. U. assembled in Christ Methodist church Friday evening, January 21, with Mrs. F. P. Sulmonetti, president in charge.

Mrs. H. O. Fichter, Spiritual Life Director, led the worship service, and gave a helpful message on "The Need of Prayer." Mrs. H. Glover offered prayer.

Mrs. F. J. Fox, county president, and Mrs. Harry Glover, county treasurer, were present, and introduced to the group by Mrs. Sulmonetti.

Mrs. Glover spoke on the financial work, aims and educational factors of the W. C. T. U., bringing in her message the topic of "Pressing Forward." Mrs. Fox spoke on "Temperance Facts and Factors." She urged Unions to form Loyal Temperance Legions wherever possible and gave highlights of the executive meeting at Epworth Methodist church, held January 20.

Plans were made for an Institute to be held in February.

Following other business and financial statement the meeting closed with prayer by Miss Esther Rodgers.

The next meeting will be held in Christ Methodist church, Friday evening, February 18.

Communist Leader Is Day's Witness In French Case

PARIS, Jan. 25.—(INS)—A French communist leader was the star defense witness today in the much-publicized libel suit against a Paris communist newspaper by a former Soviet official.

The witness, Fernand Grenier, former communist air minister under Gen. Charles DeGaulle, told a French court that various points in the book written by Victor Kravchenko, former Russian official who renounced his allegiance to the Kremlin, were inaccurate.

His testimony was designed to support the claim made by the pro-communist publication, "Les Lettres Francaises," which represented Kravchenko as being incapable of having written the book "I Chose Freedom."

Short Session Of Legislature Being Forecast

Many New Bills And Proposals Are Presented To House

HARRISBURG, Jan. 25.—(INS)—The Pennsylvania General Assembly appears headed today toward a whirlwind but realistic session with early adjournment its chief target.

Lawmakers are scheduled to meet three days this week, indicating the sincerity of the pledge of leaders to make the oft-promised "short, business like session" a reality.

House Majority Leader Charles H. Brunner, Jr., (R) Montgomery said Republicans will make "an earnest effort" to adjourn the legislature's 138th regular session in April. He explained that this week's meeting is the earliest three-day session in the recollection of veteran lawmakers.

March 3 Deadline

As further indication of the assembly's intention to work for early adjournment, the lower chamber yesterday unanimously adopted a joint resolution establishing a March 3 deadline for introduction of all but appropriation and revenue-raising measures. The deadline is designed to speed action on minor measures to allow the assembly to devote its efforts to major legislation after that date. The senate is expected to follow custom and not fix a bill deadline.

Meanwhile, the legislative action centered on routine business pending the arrival of Gov. James H. Duff's budget for the 1949-51 biennium opening June 1. The governor has promised administration leaders a week's notice on the budget.

Two-Terms For Governors

Reps. J. P. Moran and George E. Jenkins, Allegheny county Democrats, sponsored a measure in the lower house to amend the state constitution to allow re-election of a governor for successive terms.

Under present law, the governor may not succeed himself. Minority Leader Andrews introduced four companion bills in the lower chamber to liberalize the state's housing laws. The measures would authorize the state housing board to make loans and grants to housing authorities for veterans and their families, and single veterans; amend the housing authority law to include all third class cities, all boroughs and all first class townships and provide for rural housing, exempt property acquired, maintained and operated by a housing authority from real estate taxes; and redefine the "housing emergency."

A measure sponsored by Rep. John J. Mikula (R) Luzerne, would require state liquor agents to identify themselves when investigating taprooms, while another bill, sponsored by Rep. Wilmer W. Waterhouse (R) Erie, proposed to limit the number of distributors licenses issued by the liquor board to 1000 in the state. The latter bill carried a proviso to permit six distributor's licenses per county, regardless of the statewide quota.

Rep. Francis Worley (R) Adams, introduced a bill to establish direct primary elections for presidential candidates. The measure would require all national convention delegates to pledge their support to the candidate for president receiving the highest number of votes in the state.

Other bills introduced in the house included measures to: reduce the working hours for firemen and policemen in Philadelphia and third class cities; make permanent revocation of operators' licenses compulsory upon the second conviction for drunken driving; raise the per diem pay for visiting judges from \$20 to \$30; and establish a closed season for fishing 30 days prior to the opening of the trout season.

Predicts Congress Will Reduce Time For Rent Control

WASHINGTON, Jan. 25.—(INS)—Sen. Sparkman (D) Ala., predicted today that Congress will cut President Truman's two-year rent control extension bill to 15 months.

Sparkman, chairman of the Senate Banking committee's rent and housing subcommittee, forecast extension of rent controls to June 30, 1950.

While the major provisions in the bill face no apparent danger, criticism of the continuing necessity for rent controls is shaping up on Capitol Hill.

Sen. Flanders (R) Vt., a Senate subcommittee member, said he is "disturbed" over the need for a new extension. He added:

"I am fearful that injustices to small landlords are growing instead of diminishing."

Flanders said he intends to inquire into how well the local boards set up last year are operating. They were established to adjust "hardship" cases and to recommend decontrol of areas where the housing shortage has eased.

The Vermont Senator said he is thinking of offering again his proposal of two years ago for a "progressive" boosting of rental ceilings by "say five percent every six months."

Quick Citizenship

FIVE WEEKS after arriving in the U. S. from Germany, Mrs. Weira Gertruda Rothfelder, 26, signs her American citizenship papers in Chicago. The speedy naturalization was possible because her husband, a former U. S. Army major, is now on civilian duty with the Import-Export Bank in Munich and a law grants such rights to wives of government employees overseas. She will soon return. (International)

Second O'Malley Trial Starting

PHILADELPHIA, Jan. 25.—(INS)—State and defense attorneys are scheduled to deliver opening speeches today as the second trial of former Chief Philadelphia Magistrate John J. O'Malley gets under way in city hall.

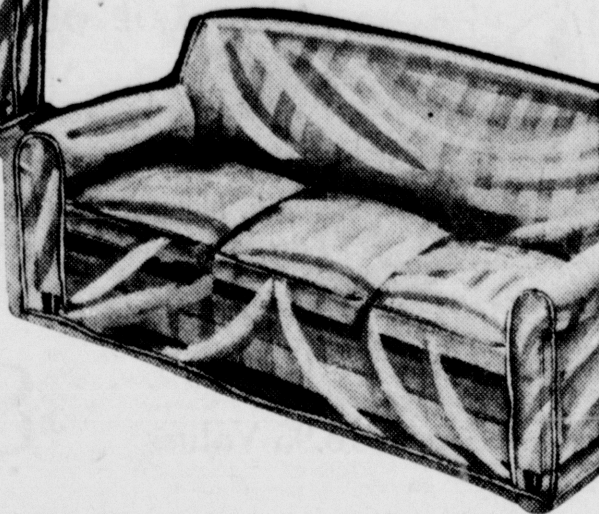

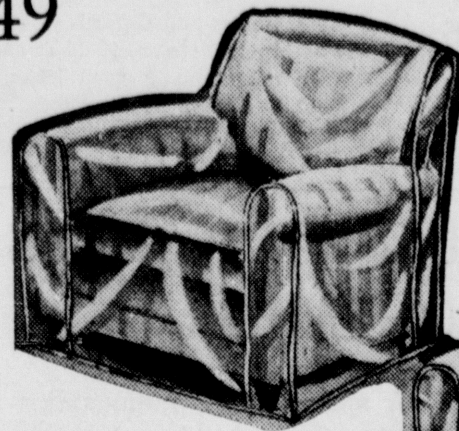

A jury of six men and six women has been selected to hear the charges which accuse O'Malley of fining or dismissing defendants, who, the state contends, should have been held for court.

O'Malley's first trial was ended on November 23 by a so-called hung jury.

Communists Make Gain In Japan Election

TOKYO, Jan. 25.—(INS)—Complete official returns from Sunday's general election showed late today that Premier Shigeru Yoshida's ultra-conservative group won decisive control over Japan's new parliament.

Simultaneously, the communists captured nearly nine times the number of seats they held in the outgoing Diet to become the nation's fourth-ranking party.

Both extremes of right and left scored smashing gains at the expense of the moderate parties of the center which suffered serious losses.

A top Japanese communist, meanwhile, called for a "people's front" parliamentary coalition to fight what he termed the "reactionary" regime of Premier Yoshida.

Over 30,000,000 votes
Yoshida's Democratic-Liberal party, which is Japan's most conservative political group despite its title, obtained 264 of the 466 seats in the new house of representatives. It polled 13,381,610 of the popular votes out of a total of 30,590,179 ballots cast.

The final official tabulation, announced at Gen. Douglas MacArthur's allied occupation headquarters in Tokyo, showed that the communists won 35 seats as against the four they held in the outgoing house. Their popular vote totaled 2,984,583—nearly 2,000,000 more than the Communist party polled in the 1947 election.

The second strongest group in the incoming house of representatives, which is Japan's controlling governmental organ, will be the Inukai's Democrats, who are slightly less conservative than Yoshida's rightist organization.

The nation's voters returned 68 Democratic party candidates to the house, giving them 4,835,504 votes.

Bar Association Would Eliminate 'Closed Shop'

HARRISBURG, Jan. 25.—(INS)—Legislation to outlaw the "closed shop" principle of bar associations was backed today by State Sen. A. Evans Kephart, son of a former chief justice of the state supreme court.

The 43-year-old Philadelphia Republican lawmaker sponsored a bill which would eliminate the one-year residence requirement for lawyers awaiting admittance to practice. Companion legislation, a proposed amendment to the state's constitution, would allow an attorney authorized to plead before the state supreme court to practice before any of the lower courts in Pennsylvania.

The closed shop controversy was placed before the joint state government commission in 1947 by Sen. John M. Walker (R) Allegheny.

A British bulldog and a Russian wolfhound were ambling down Regent street together. "This country getting on my nerves," admitted the bulldog. "No decent meat for the past six years! And it's so long since I've seen a good bone I don't remember what they look like."

"Hmph," scoffered the wolfhound, "you should see how it is in Moscow. Meat six times a day. Fine bones piled up at every corner. And champagne with which to wash it down. If things are so hot in Moscow," grumbled the bulldog, "what are you doing here in London?" "Well," sighed the Russian wolfhound, "a fellow likes to bark once in a while, too!"

Proposed State Gas Tax Hike Under Attack

HARRISBURG, Jan. 25.—(INS)—The Associated Petroleum Industries of Pennsylvania today assailed the gasoline tax hike recommended by Gov. James H. Duff and charged the Highways Department with failure to utilize all available federal funds for road-building.

Duff has asked the General Assembly to add two cents to the four cents a gallon levy for the 1949-51 biennium starting June 1. The oil lobby, leading the fight against the proposal, said information from official sources indicated revenues for the next two years would be sufficient to carry the governor's \$100,000,000 annual roadbuilding program through the biennium.

"The governor's current program can be carried out without any increase in gasoline taxes," the association asserted, "if the highway department fully utilizes federal aid funds available to it."

An important meeting will take place this evening at the Trades and Labor assembly hall on East Washington street, when plans will be discussed for a party.

Big Bill Lias Wants New Trial

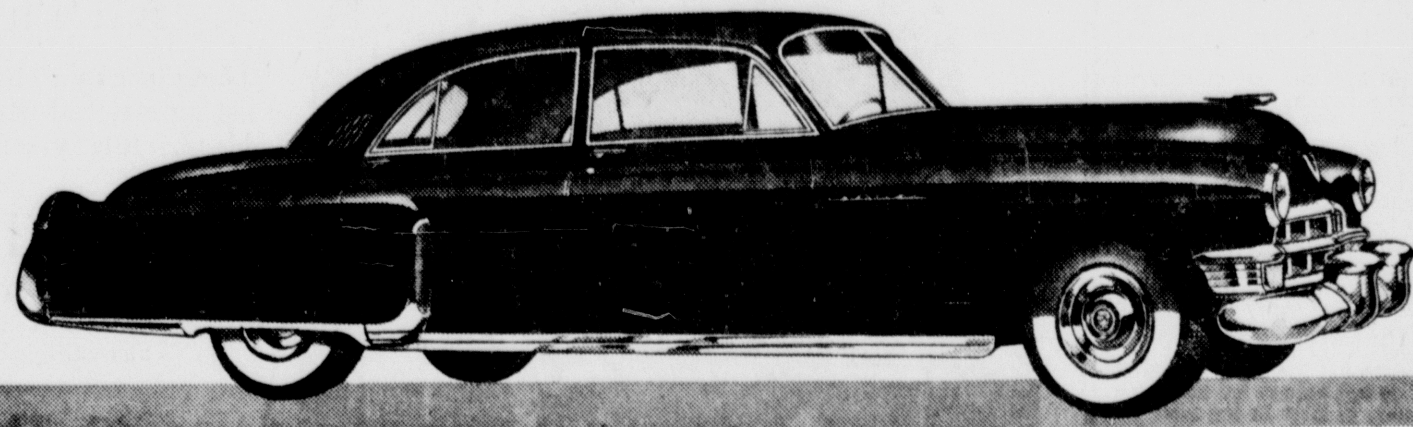

WHEELING, W. Va., Jan. 25.—(INS)—Defense attorneys for William G. (Big Bill) Lias today had until 10 a.m. next Tuesday to reply to U. S. District Attorney C. Lee Spiller's contention that "Lias' motion for a new trial was untimely and should be denied in toto."

Lias, owner of Wheeling Downs, was sentenced to five years in prison for income tax evasion last November before Federal Judge W. E. Baker.

Lias asked the court to vacate judgment and sentence of five years and grant a new trial. He claimed that he pleaded guilty under the impression he would be given probation.

When the great new Cadillac engine was in the final stages of development, a Cadillac engineer made a test run up Pike's Peak. "It felt," he said upon his return, "as if the car were moving by automatic propulsion." When you drive a 1949 Cadillac—powered by this magnificent new engine—you will understand what the engineer was talking about. The power flow is so smooth—and the supply of power so seemingly inexhaustible—that the driver is scarcely aware of the engine's existence. Owners are finding that this smooth, even, effortless flow

of power does far more than increase the car's agility. It adds immeasurably to handling ease and maneuverability. It increases the confidence of the person at the wheel, and thereby makes him a better driver. And it increases the car's over-all safety to a remarkable degree. It has long been true that a search for the finest leads inevitably to Cadillac. But, today, the sign posts are marked so plainly that searching is not required. There is, literally, nowhere else to go—if you want the ultimate in motor car quality and satisfaction.

Tired, "All-In"— Listless Feeling Brought To Halt

As Vibrant Energy is Released
To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

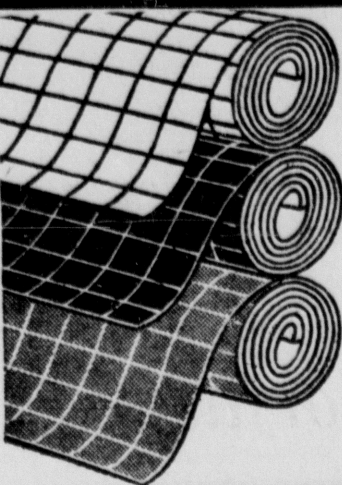

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, fresh, full out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Dr. Galbreath Named Moderator

Shenango Presbytery Session Gets Under Way This Morning In First Presbyterian Church

Dr. Robert F. Galbreath, pastor of First Presbyterian church, was elected moderator of Shenango Presbytery for the term of one year during the opening session of the January meeting of Shenango Presbytery which got under way at 10 o'clock this morning in First Presbyterian church.

Dr. Galbreath succeeds W. Sharp Fullerton of North Beaver township who has served for two six month terms in the important church position. Heretofore the term has been only six months. A new docket of business was presented to the large assemblage of ministers and lay delegates present at the opening session for adoption during the day.

During the morning period, reports were given on various projects of the Presbytery, including the standing of Shenango Presbytery in the Restoration Fund. Rev. John M. Fife, pastor of Westfield Presbyterian church, introduced Dr. Harry A. Rhodes, veteran missionary to Korea with 40 years of experience. Dr. Rhodes outlined to the delegates, the organization and development of the Korean church.

Following the noon recess, the Presbytery session continued through the afternoon hours.

Neshannock Pupils Given Patch Test

Executive secretary, Mrs. Jane M. Cochran of the Lawrence County Tuberculosis society, and Mrs. Bessie Sloan, school nurse for Neshannock township schools, have completed giving the patch test to the more than 140 students and teachers at the Walmo and Glenmore schools.

Those who react positively to the test after it has been on their arm for several days will be X-rayed at the Tuberculosis society's new offices in the Greer building, North Mercer street.

Woman Escapes In Highway Crash

Mrs. Ruth Gilbert, of R.D.8, was trapped in a car which she was driving on the Grove City-Mercer road Monday afternoon when it went off the road and turned upside down in a ditch, one-half mile east of Mercer. Passengers extricated her from the wrecked machine, which was owned by the A. S. Garvey Co. of Erie, and took her to the Mercer hospital.

Examination at the hospital revealed only slight injuries, cuts on the side of the face and head, but the machine was virtually demolished.

Mrs. Gilbert told state police she was forced onto the soggy berm by a reckless driver coming in the opposite direction, and when she tried to get back onto the road her car went across the highway and into the ditch.

Autos Collide At Harlansburg

Edson Bailey, Bridgeville, Pa., and Louis George, Ambridge, Pa., sustained lacerations and bruises when the cars they drove collided at the junction of Routes 19 and 108, at Harlansburg, at 3:45 p. m. yesterday.

Bailey said he was traveling toward Slippery Rock, stopped for the Stop sign at the intersection, failed to see George driving north on the Perry highway, and the collision occurred.

The cars were damaged badly.

Two Students To Aid Production Of College Play

Two Westminster students from New Castle are members of the production crew for the college's Little Theater production, "I Remember Mama."

Jeanne Lewis, daughter of Mr. and Mrs. S. O. Lewis, 126 East Wallace avenue, is on the stage crew for the play, and Alice Mitsos, daughter of Mr. and Mrs. John Mitsos, 321 Boyles, will work on properties.

The play, which is directed by Donald L. Barbe, will be presented February 7-12 at Westminster. Miss Helen V. Cushman is costume.

Home Economics Meetings Planned

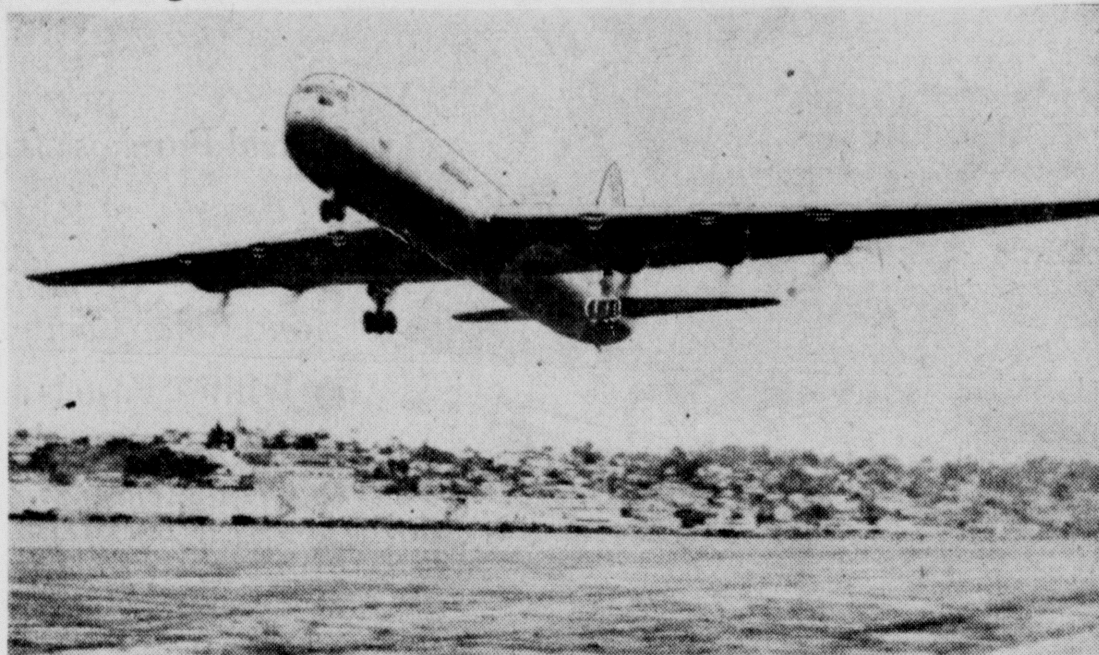

Two additional rural home economics meetings have been planned by Miss Patricia A. Kelly, home economics extension worker at the Lawrence County Agricultural Extension Association.

On Thursday, women of the Shenango township community will meet in the home of Mrs. Wilbur McConahy, R. D. 1, at 8 p. m. This will be a program planning meeting.

On Friday, January 28, women of the Big Beaver district will meet in the home of Mrs. Samuel Beatty, which will also be a program planning meeting at 8 p. m.

WOMAN INJURED

Senator Taft To Aid Battle For Filibuster Gag

Will Probably Ask To Testify In Hearing On Closure Application Proposal

WASHINGTON, Jan. 25.—(INS)—Sen. Taft (R) Ohio, GOP policy chairman, is ready today to throw his weight into the drive for a tighter gag on Senate filibusters.

Taft told a reporter he probably will ask to testify in the Senate Rules Committee's public hearings on proposals to make it easier to apply cloture—gag rule—on Senate debate.

The Republican leader said he will want to lay before the committee the record of action taken by the GOP Policy Committee in pressing for a method to permit a vote on civil rights legislation.

The Rules Committee called Sens. Pepper (D) Fla., and Morse (R) Ore., as witnesses today on a series of amendments to the closure rule.

Sen. Ferguson (R) Mich., co-sponsor of one amendment, called the pending rule fight the "real test" of the civil rights issue. He predicted that the Senate will unite to break any filibuster against the change and adopt a new rule.

Ferguson said the winding proposal will be that imposing cloture on debate by a two-thirds vote of the Senate, and granting each senator one hour of talk after the vote. He emphasized:

"It all depends on the Democrats—whether they stand fast—but I believe there are enough senators willing to get behind this to put it through."

All Contributors Invited To Chest Meeting Wednesday

All citizens who contributed to the 1948 Community Chest drive have been invited to attend the Chest organization meeting Wednesday, January 26, at The Castleton. Meeting time is 8:00 o'clock.

Contributors, regardless of the size of the donation, are members of the Chest under the newly adopted constitution and are therefore urged to take an active part in governing the organization.

Twenty-four members will be elected to the board of directors at the Wednesday meeting. Eight will be elected for each of three terms varying in length from one to three years. Two members from each of the organizations that benefit from the Chest are also members of the board.

Representatives of each of these institutions have been asked to submit a brief summary of their organizations' activities during the past year. In addition, general chairman Sidney L. Lockley will present a final report on the 1948 Community Chest Drive.

Stamp Club News

New Castle Stamp Club will hold its regular meeting at the Y.M.C.A. at 8 o'clock, Thursday evening, during which time there will be nominations for officers for 1949. Junior Stamp Club members will meet during the same hour. Many of the younger members have received much help from the senior members of the club. Out of town stamp collectors are welcome to join the meetings.

James Cherol To Get Diploma

To Be Graduated With B.S. Degree From University Of Pittsburgh Thursday

James W. Cherol, son of Mr. and Mrs. James W. Cherol of 1204 Wilmington avenue, will be among the 950 candidates to receive diplomas at the convocation exercises of the University of Pittsburgh Thursday morning, January 27, at the Syria Mosque, Pittsburgh. He will receive a bachelor of science degree.

Jim, a popular young man of this locality, was graduated from the January 1941 class of New Castle senior high school, and was president of the class.

He attended Westminster college prior to joining the U. S. army in 1942. For 40 months he served with the U. S. Coast Guard in both the Atlantic and Pacific areas. Following his honorable discharge in 1946, he resumed his studies at the University of Pittsburgh, majoring in industrial engineering.

In the near future Jim expects to start with General Electric in Schenectady, N. Y., his first assignment to be in Bridgeport, Conn.

LETTER CARRIERS TO MEET TONIGHT

Members of the local Branch No. 22, National Association of Letter Carriers, will meet this evening at 8 o'clock in the Ecclesian club, and installation of officers will take place.

President Carroll Forrest will preside. After business, refreshments will be served.

COMMITTED TO JAIL

Harry Johnson who roomed at a local hotel was committed to the county jail in default of a \$25 fine by Alderman J. C. Kennedy on a charge of assault and battery against Samuel Edelstein. It was alleged Johnson entered Mr. Edelstein's place of business in South Jefferson street, asked for money and when refused attacked Mr. Edelstein.

Pythians Honor Oldest Member

Dinner Monday Evening Takes Form Of Three-Way Celebration

Members of Robert Bloom Lodge, No. 466, Knights of Pythias, had a dinner party in a local tea room Monday evening, which took the form of a three-way celebration.

First it commemorated the 85th anniversary of the national organization; secondly, the 69th anniversary of Robert Bloom Lodge, and third, it honored Jacob Cosel, oldest member of the lodge both in point of membership and age.

Mr. Cosel, who has reached the venerable age of 91 years, has been a member of Robert Bloom Lodge for over 60 years, and the dinner was a most fitting tribute to this fact. Another guest honored was Grand Chancellor Howard Rectanus, of Pittsburgh.

Christ Lutherans Plan For Future

In the 1949 parish program, recently adopted by Christ Lutheran congregation on the East Side, active participation in the Lutheran Eastern District Convention at Camp Pioneer next summer is planned.

A. M. Hyde has been named official delegate for the congregation with Gerhard Schlumberger named as alternate. Rev. H. D. Poellert, chairman of the district's audio-visual education departments is also in charge of the exhibit. Through slides, movies and wire recordings, the local congregation will receive an accurate account of the proceeding. The camp is located at Angola, N. Y.

COREMAKER HURT

Dominick Aluisia, aged 26 years, of 765 Harrison street, a core-finisher at the National Radiator Co., was treated at the Jameson Memorial hospital for a laceration of the third finger of the left hand, received when he caught his finger on a sharp piece of wire projecting from the side of a core he was rubbing at 3 o'clock this morning. He was treated at the Jameson Memorial hospital.

Court House

County Offered
Ellwood Bridge

Ellwood Citizens Offer To
Turn Over Ewing Park
Bridge To County
Commissioners

OTHER EVENTS
IN COURT HOUSE

If the county commissioners want it, they can have the Ewing Park bridge in Ellwood City. A delegation of Ellwood City citizens met with the county commissioners Monday morning and asked that the county defray the expense of painting the bridge. During the conference it was suggested that the county might take the bridge over, a suggestion that met with the approval of the Ellwood delegation and was taken under consideration by the commissioners.

Back in 1938 the Boro of Ellwood City purchased the bridge from the National Tube company for \$1,000. At that time it was a toll bridge and needed repairs. The county assumed the job of repairing it and the cost was in the neighborhood of \$30,000.

There is ample law for the commissioners to take over the bridge and maintain it if they decide to do so.

3,950 NOW NON-VOTERS
For the time at least, there are 3,950 citizens of Lawrence county who are without a vote.

A. Lewis Conn, chief clerk of the registration bureau has just withdrawn from the voting lists the names of 3,950 men and women, who for various reasons have not voted for two years last past.

Some of them have died, others may have moved from the county, but the bulk of them just didn't vote. They didn't vote in the primary or general election of either 1947 or 1948.

With their notices of withdrawal, which have been sent to them, are cards of renewal. Those who still live in the same precincts can restore their voting privilege by signing their names on the cards and mailing them back. They have 10 days in which to do this.

Unless they do so, they will not be permitted to vote in the primary election of September.

LION ON THE HIGHWAY—Lamb in traffic!

The great new Lincoln V-type "Eight"—smoothest, liveliest, most dependable power plant in any fine car!

HERE is a car that will make your heart thrill to the wide open road!

It's powered for the passing lane... gaited for people who know where they're going! It's the 1949 Lincoln—and it's lively and lovely in action!

Under its long, low hood is the great new Lincoln V-type "Eight"—the smoothest "eight" you've ever handled! What a mighty power plant it is—on hills or open straightaway!

Yet what a gentle, responsive thing it is at

low speeds, too... so powerfully smooth, you scarcely ever need shift from "high" until it's time to park! It's a lion on the highway—but a lamb in traffic!

No other engine in the world offers greater flexibility of action! In the long run, too, no other engine can surpass it for performance... dependability and economy of operation!

You know you want to try it—so why not enjoy a "private demonstration" today? Just you and this Lincoln and the wide open road!

Service In Army

Chance For Commission As Junior
Officer Available To
Qualified Veterans

Despite recent statements from the Department of the Army to the effect that it is close to its manpower ceiling of 667,000 for next July, a critical need still exists for junior leadership in the army, stated Captain Charles E. Weddle, commanding officer of the New Castle U. S. Army and U. S. Air Force Recruiting Main Station.

The captain stated that under a new plan recently inaugurated by the army, qualified veterans of any of the armed forces, who have completed at least two years of college and who are between the ages of 19 and 32, have an excellent opportunity to receive direct

commissions as second lieutenants in the army reserve with two years of immediate extended active duty.

"This new plan is perhaps the easiest method ever provided by the army for qualified young men to obtain a commission," Captain Weddle continued. "We know that there are a great many men with excellent potentialities for leadership who were not officers during the recent war. Here is a means for them to become officers immediately, with all the satisfaction that comes from responsibility and guidance of men."

Successful applicants are given 12 weeks training in a branch service school to prepare them for their duties as an officer.

This program is a part of the army's present drive to increase its officer personnel by 30,000 between now and June 1949. Young men who are desirous of obtaining further information on this program are urged to visit the U. S. Army and U. S. Air Force Recruit-

ing Main Station, Room 400 Frew building or the Recruiting Station, Room 202 Post Office building, New Castle, Pa.

Gaston Post To
Have Social Eve

Perry S. Gaston Post No. 343, American Legion, will have open house this evening with a social evening being planned. Commander Merle H. Hildebrand announced today.

There will be a program of entertainment and lunch will be served at the close of the evening. This meeting is open to all veterans.

It has been estimated that less than 20 per cent of American Negroes are of pure African descent.

Evelyn Hartstein
Declared Legally
Dead By Court

PITTSBURGH, Jan. 25.—(INS)—Relatives of Evelyn Hartstein were entitled today to claim the estate of \$83,000 which she inherited from her mother and father.

In Allegheny county orphans'

court Monday, Judge Thomas Trimble declared Miss Hartstein "legally dead" and ruled that her survivors are entitled to claim her estate because the seven-year legal waiting period had passed.

The 34-year-old woman fled from Pittsburgh while her lover stood trial for the murder of her parents about eight years ago.

Mrs. Florence Gluck, a half-sister, of Miami Beach is eligible to claim a \$50,000 insurance policy.

The remaining \$33,000 will be shared

ed by Mrs. Gluck and a half-brother, Leonard Hartstein of Pittsburgh.

May Not Have Funds For Zoning Survey Hoyland Declares

Finance Director Uncertain
Whether Project Can Be
Financed This Year

Although he voted for the request for bids for a re-zoning survey here, Finance Director Albert Hoyland stated in council Monday he doubted the wisdom of asking for a survey now when he isn't sure the city will have funds to pay for it. The Zoning board, GNCA and Realty board favor a survey.

The recommendation from the GNCA said the zoning law should be overhauled. The Zoning board also favors re-zoning and the local Realty board claims the present zoning law is antiquated.

Director James Gibson asked Solicitor Robert White if it is necessary to advertise for bids for a survey.

Mr. White said he isn't satisfied with the offer of a firm already received and suggested bids be asked.

Finance Director Albert Hoyland said he is not sure the city will have sufficient finances to pay for the survey this year.

He said that the last quarter of the earned income tax would not arrive until 1950. He said that he doesn't know now if the city will have sufficient money to pay all its debts this year, and further, said he does not believe it advisable to have a survey until he is sure money is available.

Mr. Gibson pointed out that it would require only 30 days to get a price on the survey and said \$10,000 was appropriated for the movement.

"My personal feeling is we can't do it. I do not believe we will have the money. If later in the year we have the money then we can proceed," Mr. Hoyland stated.

Gibson put his motion to ask for bids and it was passed, Hoyland voting "yes."

Western Senators Ask Half Million For Feed For Stock

WASHINGTON, Jan. 25.—(INS)—Western range states senators on Monday asked Congress for a half million dollars to supply feed to millions of heads of livestock threatened with starvation in the snowbound western areas.

Several senators sponsored a bill to authorize the Bureau of Land Management or any other government agency to do whatever possible to help get feed to isolated sheep and cattle herds in the snow-blanketed region.

Their measure would authorize appropriation of a total of \$500,000 with which to reimburse agencies which spend their funds in the emergency work.

In the House, Rep. Granger (D) Utah, introduced a bill to provide Federal aid for the western cattle states which have been struck by blizzards.

Granger's bill would provide whatever relief is necessary to aid in feeding cattle and sheep on the western ranges and to enable ranchers to save their stock.

Many Requests For Appearance Of Margaret Truman

She Will Not Start Drive For Fame
As "The President's Daughter"
Is Word

NEW YORK, Jan. 25.—(INS)—Requests for the appearance of Margaret Truman poured in on her New York agent from around the United States today, less than 24 hours after she had announced her all-out bid for a singing career.

But her agent made it clear—on explicit orders from President Truman—that when she starts her drive for fame she will not do it as "the President's daughter."

James A. Davidson, business manager for Lilly Pons and other great names in singing, said of his conversation with the President:

"Mr. Truman was very explicit that he wanted Margaret in no fashion to be handled by me on the basis of her being the President's daughter."

Davidson said that she probably will be billed for her performances as "Miss Margaret Truman, in song recital."

May Start This Summer
Davidson also revealed that Miss Truman's professional career may be started this summer—instead of in October, as previously announced—with two or three outdoor engagements.

He said the response to the White House announcement that Davidson had been retained as Miss Truman's agent was more spectacular than anything he had

seen in his dozen years of handling top singing talent.

When his office opened this morning—a scant 12 hours after the announcement—there was a stack of telegrams asking that dates be set aside for Miss Truman's appearance.

Among them were wires from Louisville, Omaha, Cleveland, Toledo and Columbus, O., and El Paso, Tex.

Then the phone calls started—from Philadelphia, Washington, Paterson, N. J., and other spots.

Few Details Worked Out
Davidson said few of the details for Miss Truman's concerts have been worked out yet and that he expects to see her next week, probably in New York. He said Miss Truman most likely will prepare for her career in New York, with Conrad Bos as her vocal coach.

The first phase of that career, Davidson explained, will be concert singing. He added that work in movies, radio, television, opera and

Drive Slow—Children Move Fast.

Falls 85 Feet, But Not Badly Hurt

PITTSBURGH, Jan. 25.—(INS)—Physicians at the Allegheny General hospital in Pittsburgh were hopeful today that Harry Crawford would be up and about as good as new in a week or so.

The 35-year-old brakeman for

the Pittsburgh & West Virginia railroad fell 85 feet from a railroad bridge and got off comparatively lucky with hip injuries, a dislocated right ankle and some internal injuries.

Crawford said he stepped from the caboose and plunged into the darkness as the freight train crossed a bridge near Monongahela, Pa., Saturday night. He claimed the lights of a "booster" engine, behind him, blinded him.

Much Free Care Given At New Castle Hospital During Past 12 Months

New Castle hospital gave a total of more than \$57,000 worth of free care in 1948, figures released today reveal.

Financial aid from county funds, the Red Cross, Kiwanis club and other contributors amounted to \$26,620, leaving more than \$30,000 in costs to be absorbed by the hospital.

The overall figure for charity work covers a total of 5,613 free patient days, as well as the loss sustained from patients able to pay only a part of their bills.

The county reimburses New Castle hospital at the rate of \$5 per day for charity patients. But the average cost per patient day to the hospital is more than \$10, records of operating costs show.

Receive Same Care

Charity patients receive exactly the same care as other ward patients, hospital officials pointed out. They are not segregated and not even the nurses know which patients are receiving free care.

"We are glad, with the help of our friends, to be able to render this service to those in need," said Sister Mary John, hospital superintendent, "but the steadily rising costs of hospital operation are seriously taxing our ability to absorb the financial loss each year."

The annual statistics showed that while the average length of stay for all patients at New Castle hospital was eight days, the average for charity patients was 19 days. Health experts explain that this is because needy persons usually do not seek medical care regularly and often wait too long to seek hospital care. Consequently, treatment and recovery take longer.

4,742 Patients in Year

By placing cots in corridors dur-

peak times, New Castle hospital was able to care for a grand total of 4,742 patients in 1948. This was about 50 more adult patients than in 1947.

A total of 606 infants born at the hospital last year was 71 fewer than in 1947, reflecting the drop in the national birth rate.

A total of 2,603 operations of all kinds were performed at the hospital during the year. Greatest rate of increase in service departments was in X-ray, where 6,578 radiographic examinations were recorded, an increase of 27 per cent over the preceding year. This increase is partially attributed to pre-induction examinations for men entering the armed services.

Slayer Says Wife Can Explain About Family Difficulty

PITTSBURGH, Jan. 25.—(INS)—

—Meredith G. Neal, 49-year-old Seattle patternmaker said today his wife, Elizabeth would bring letters to "explain everything" about the fatal shooting of his father-in-law and the wounding of his mother-in-law.

Mrs. Neal was expected in Pittsburgh today after a plane trip from Seattle. Neal is being held without bond in the Allegheny county jail while detectives complete an investigation of the family feud which caused the death of Henry S. Bepler, 67.

Violent Argument

Mrs. Myrtle Bepler, 63, was placed on the "critical list" at a Pittsburgh hospital. She suffered bullet wounds in the abdomen and arm.

Detectives said the shooting followed a violent quarrel Saturday between Neal and Bepler when Neal attempted to talk with his son, Noel, at the Bepler home near Warrendale.

The dispute centered over the boy staying with the grandparents instead of traveling with the Neals while the father moved from job to job.

Toonerville Folks:—

By FONTAINE FOX

Around Hollywood

By FRANK NEILL

(International News Service Staff Correspondent)

HOLLYWOOD, Jan. 25.—We were battling the breeze with a couple of Hollywood old-timers who were lamenting loquaciously that movietown ain't what she used to be.

Give us the good old days, they wailed, when things used to pop like firecrackers. Spicy divorces. Night club fights. Great pictures. Colorful stars.

"Before the war," said one old-timer, "Hollywood was the most terrific town in the world—"

"Ten long years," mused his bosom buddy of another era. "Things have changed."

Haul Out Files

We argued that ten years is not a long time, and that practically the same things were happening in Hollywood in 1939 that are occur-

ring today and that probably will be happening in 1959.

And to settle a small wager we promptly hired to the nearest newspaper morgue and hauled out old files that were covered with dust of a decade.

Here is what Hollywood was doing in January, 1939:

Citizens of the Ham Hamlet were buzzing about Errol Flynn's night-club fight. Cecil B. DeMille was directing "Union Pacific" from a stretcher, and as always on a DeMille set there was more drama behind the camera than in front of it.

Betty Grable and Jackie (The Kid) Coogan separated. Jimmy Roosevelt had just started to work as an officer in Sam Goldwyn's studio. Annabella and Tyrone Power, who had "run across" each other in South America, were headed for the altar. Constance Bennett, who was divorcing Marquis de la Falaise, watched the ponies run at Santa Anita with Gilbert Roland.

Couldn't Accept

Eleanor Powell said she would not be able to accept an invitation to attend the president's ball in Washington because of picture work. Charles Butterworth was divorced. Mary Astor expected the stork in June or July. George Brent, who used to go steady with Greta Garbo, was supposed to be madly in love with Bette Davis.

The Andy Devines had their second child. Hedy Lamarr and Gene Markey were a hot romantic item. John Barrymore was making another screen comeback in "Midnight". Nelson Eddy, 37, eloped to Las Vegas with Mrs. Ann Denitz Franklin, 42, ex-wife of director Sidney Franklin. Paulette Goddard and Charlie Chaplin were a happily married couple. "Umbrella Man" was No. 1 on the hit parade.

Japs Wanted Johnny

The Japanese wanted Johnny Weissmuller to coach their swimming team in the next Olympic games. Actors working in "Confessions of a Nazi Spy" received threatening letters and 25 members of the cast lived on Warner Brothers lot because of the threats. David Selznick announced that the Confederate flag would fly over his studio the day cameras started grinding on "Gone with the Wind". Clark Gable, as a hoof-beater in "Richie's Delight" was getting rave notices from critics.

Ten years. A lot of the above characters have had two or three new spouses since 1939. Pictures then were certainly a lot better than the stuff Hollywood turns out today. And you could get into any top-flight movie house for 25-cents before 6 p.m.

"MIRACLE ON EVERY STREET" NEW YORK.—(INS)—Edmund Gwenn, whose Santa Claus role in "Miracle on 34th Street" won him the 1947 Academy Award, recently donned his Kris Kringle suit for another screen appearance. This time it was for a short subject titled "The Miracle on Every Street," in which he tells about the work of The Salvation Army.

Neshannock Twp. Auxiliary Meets

Reports Are Made At Meeting And Social Time Is Enjoyed Monday Night

Neshannock Township volunteer firemen's auxiliary held their regular meeting in the fire station Monday evening, with Mrs. Riley Bolland presiding.

Reports were heard from the retiring committee chairman and the auditor's report was given by Mrs. Harry Gere. Mrs. Bolland then installed the following officers for the coming year: President, Mrs. Everett Cannon; vice president, Mrs. William Fox; secretary, Mrs. James Messner; treasurer, Mrs. Sam Mooney; auditors, Mrs. Riley Bolland and Mrs. Steve McBride. The new president, Mrs. Cannon, then appointed the committees for this year and the meeting was adjourned.

During the social period that followed, prizes were awarded for bridge and 500 to the following ladies: Mrs. Henry West, Mrs. William Knight, Mrs. Ed Miller, Mrs. Sam Mooney and Mrs. James Messner.

The ladies then gathered at tables, decorated in pink and yellow with snapdragons as centerpieces and Mrs. Francis Criswell presented Mrs. Bolland with a lovely gift in behalf of the auxiliary in appreciation of the work done by her the past year. Delicious refreshments were served by Mrs. Everett Cannon, Mrs. Russell Miliken, Mrs. Riley Bolland, Mrs. Abe Klingensmith and Mrs. Edward Koonce.

The next regular meeting will be February 22 at the fire station.

East-European Economic Bloc Is Organized

Soviet Russia And Five Satellite Nations Announce Formation Of New Bloc

MOSCOW, Jan. 25.—(INS)—Soviet Russia and her five satellites replied to the Marshall plan Tuesday by organizing a tight East-European economic bloc.

A Moscow announcement said that the Soviet-led states have formed a "council for mutual economic assistance," because the U. S., Britain, and "certain European countries" have boycotted them.

Other states, the announcement said, are free to join the council, provided that they subscribe to the principles of the six charter members.

The announcement said that the six eastern nations have refused to bow to the "dictates" of the Marshall plan.

Nations Included

The council was formed at a meeting of representatives of Bulgaria, Hungary, Poland, Romania, Czechoslovakia and Russia in Moscow. The official statement said that it was found that cooperation of the East-European states with Russia has already speeded up the restoration of the national economies.

Editor's Note: Yugoslavia is conspicuously absent from the new bloc. This obviously is due to the split between Marshal Tito and the communists. Following this break other eastern bloc countries allowed trade agreements with Yugoslavia to lapse and Tito announced some time ago that he was dealing with the western nations in order to obtain machinery and other supplies needed for his country's development. Under one of Tito's recent agreements with the west, a large shipment of Yugoslav copper has just arrived in New York.

The statement added that representatives of the six nations will meet periodically in the capitals of each to consult on economic problems. They will exchange experiences, render technical assistance to each other, and arrange for the exchange of raw materials, food, machinery and other items.

All countries participating in the council, it was said, meet on the basis of complete equality.

WPIAL Quintets At Halfway Mark

Four Games Tonight Have Direct Bearing On Title In Class A Race; Homestead Meets Duquesne; New Kensington Plays Butler; Ambridge And Aliquippa Clash; Brentwood Battles Baldwin.

By JOHN GOLIGHTLY
(International News Service Staff Writer)
PITTSBURGH, Jan. 25.—(INS)—A lot of would be contenders may find themselves on the outside looking in after games tonight in four Class A sections of the WPIAL.

Easily the most crucial basketball contest is scheduled for Section VI where the unbeaten Homestead Steelers (4-0) meet the Duquesne "Little Dukes" (4-0). Playing at home gives Homestead probably just enough advantage to conquer Duquesne. But don't bet on it.

The Little Dukes blew a chance for the WPIAL Class AA football title last fall, and they'll try to make up for it by staying in the basketball chase.

New Kensington-Butler
An equally crucial clash takes place at New Kensington in Section I. Here the once-beaten Kensters (4-1) must trip Butler (5-0) if they are to make the February eliminations. With Willie Thrower and company hitting form, the dopesters are picking New Kensington.

Brentwood (5-0) and Baldwin (5-0) continue the dog fight motif in a Section IV game at Baldwin. Although rated fairly even, the sentiment favors Brentwood because of its slick passing attack.

Likewise in Section VIII Swissvale (4-1) gets what may be its last chance to challenge the high-scoring Rankin (5-0) team. A couple of pretty competent observers are comparing this Rankin five with some of the pre-war teams from that area.

Swissvale will need all the benefits of the home floor coupled with a "hot" night to stop Rankin's march.

Decisive games are delayed until next month in the seven other sections of Class A.

Aliquippa vs Ambridge
The very fine Aliquippa (5-0) quintet continued to pour it on last week and still has the top spot in Section III. They meet Ambridge tonight. Leechburg (4-0) maintains a one-game lead over Springdale (4-1) in Section II.

A three-way tie over in Section VII has everything in a muddle. Brownsville, California and Charleroi have won three and lost one. The schedule from here on in and a definite improvement in play makes Charleroi the favorite.

Midland Unbeaten
As yet Midland (4-0) hasn't encountered any opposition worth mentioning in Section IX. Barring a sudden collapse, it should be able to dominate the section race.

But there's plenty of action coming up in Section X where South Union (5-1) is tied with Point Marion (5-1). If either makes another slip, watch out for Uniontown (4-2). Last week Uniontown gave South Union its come-uppance with a 35-31 defeat.

Latrobe (3-0) and Jeannette (3-1) have all the best of the fairly calm competition in Section XI.

Tonight is the halfway mark all over the WPIAL and from now on, keep an eye on the well-conditioned, stretch runners.

Duquesne Edges Loyola 52 To 51
PITTSBURGH, Jan. 25.—(INS)—The season's best crowd—5,297—watched a faltering Duquesne quintet win its tenth game in 11 starts last night as the Dukes took a 52-51 overtime decision over Loyola of Chicago at the Gardens in Pittsburgh.

Center Jack Kerris of Loyola led the scorers with 23 points. The Dukes were ahead 22-15 at the intermission and held a 12-point advantage midway through the second half. It was Loyola's third defeat in 16 contests.

One of the interesting developments of the training camp will be Coach Bill Dickey's requested attempt to make a catcher out of Yogi Berra.

Bill Getchy, Johnny Allen and Ed McCowin have taken turns recently in leading the Nahas attack. All are capable of hitting well into the double figures, and if they should get hot on the same evening it would be very tough on any team in the circuit. The Wildcats would certainly like to do that against Union.

Princeton at East Brook completes tonight's card. These two clubs are currently cellar dwellers but season records in Section 23 don't tell very much about how strong these low standing clubs really are. The section is loaded this season with fine talent, and both East Brook and Princeton are capable of knocking off one of the league leaders.

New Castle High Playing Section Three Game At Ellwood Tonight

Ancient Rivals Awaiting Clash

New Castle Seeks Second Win, Ellwood It's Third In Section 3 Competition

Two lower division clubs, with rivalries as ancient and intense as any in Section 3, clash tonight on the hardwood at Ellwood City with the New Castle Hi cagers in the role of visitors.

The Blue and White Wolverines complete the first half of league play with the Canes after having lost to Aliquippa, Ambridge and Sharon and taking losses from Beaver Falls and Farrell. Coach Gig Thomas' crew lost four straight loop tussles before overpowering Farrell Friday night.

Ellwood defeated the Beaver Falls quintet at home 38 to 35. New Castle lost to the same crew Beaver Falls 47 to 33. However, the local hoopers knocked off Farrell 48 to 37 here and the Wolverines came from far behind to take a two-point overtime win from the Steelers.

Ellwood Confident

It is significant that Ellwood's two league wins have come on their home floor and the Wallace-men are confident of adding number 3 tonight. Tony Stramella, George Soos, Bill Watterson and Carl Mantz have all shown real ability to run a high individual point total in an evening which is another advantage for the Wolverines. The New Castle attack to date has been centered mostly around the brilliant shooting of Don Reed. The good looking East Sider is currently leading all of Section 3 scorers by a large margin but no other New Castle player is even in sight on the point-making list.

Neither New Castle or Ellwood now appears as a contender for the loop title because of the strength of Sharon and undefeated Aliquippa, however, the traditional rivalry and the prospect of an extremely close game is guarantee enough for a capacity crowd at Lincoln Hi gym this evening.

The reserves of the two schools meet in the seven o'clock prelim. An added attraction for tonight's feature will be a benefit tumbling act started by Coach J. D. Ansell's students of Ellwood junior and senior high. Cartwheels, flips, handsprings and many other tricks are to be performed for the benefit of the polio fund raising campaign which is now in progress.

In addition some of Ellwood's former star tumblers will put on a special exhibition of daring acts that are guaranteed to thrill the audience.

Higgins Wins From Veteran, Jack Biddle

Pozza Stops Fulton In Second Round; Izzo Outpoints Bradley; Baxter And Peaks Draw, And Miller Decisions Rose Before 1,281 Fans In Arena; Ronzi To Fight Pozza, February 9.

The ancient adage that youth will be served was never more vividly demonstrated than last night when Chuck Higgins, 155½, Campbell outpointed the globe-trotting veteran, Jack Biddle, 162, New Castle, in eight rounds in the arena. Twelve hundred and eighty-one paid approximately \$2,200 to witness the glove duels, of which there were five.

The first round of the Biddle-Higgins joust was filled with clinches, both boxers being decidedly cautious. Biddle's stance apparently puzzled the Ohioan in the second which was also slow, but action began in the third. Biddle missed several attempts to land his vaulted left hook to the head, while Higgins jabbed successfully and took the round.

In the fourth, Higgins began to solve Biddle's style and although Jack blocked well, Higgins captured the round. Biddle landed a left hook to the head in the fifth but it failed to jar Higgins. Higgins did most of the leading, but like Biddle, did considerable mis-firing. However, in the sixth Biddle came through and took the round by a big margin.

In this chapter, he forced Higgins to miss, drove Chuck to the ropes with a right to the head, then repeated the blow. The punches didn't do Higgins any particular good. As Higgins waltzed out of danger he fired jabs at the veteran. Chuck landed a right to the kidney, and another to the body and then Jack landed a right to the body and a left hook to the head. Higgins was driven in to the ropes.

Higgins landed a left to the face and Higgins put a right to the head. Higgins upped to the chin with his right but Biddle came through with a right to the jaw. Jack appeared a wee bit tired, as did Higgins. It was the best round Biddle had, and in fact, it was the only round here and there gave him.

Veteran Appears

Opening the seventh Higgins jabbed to the face as he waltzed around the veteran. They fought on the inside. Higgins landed a left cross to the head and Jack covered up, turtle-like. The veteran's legs were tired and he stood idle, except to block, in the center of the ring. It was Higgins' round.

In the eighth, and last round, Biddle landed a hard right uppercut to the jaw and Higgins put a right to the kidney, plus a right

to the head in the clinch. Biddle's left hook landed on Higgins' right arm. Higgins landed a right and left to the head and jabbed Biddle around the ring, then hooked a left to the head as Jack bent over.

Biddle was wild with left hook and Higgins waltzed around him, put a right to the jaw, repeated the blow and then sent a left uppercut to the jaw. Biddle landed a right to the kidney. Higgins upped with his right, and they exchanged blows to the body. Higgins sent a left uppercut to the jaw and Biddle found Higgins' jaw with his left hook, at the end of the fight which Higgins won.

Pozza Wins By K.O.

Billy Pozza, 183, Ellwood City, knocked out Johnny Fulton, 191, Pittsburgh in 1:53 of the second round. Pozza dropped Fulton twice for counts of nine in the first, and had him down three times in the second when Referee Mike Hogan counted out Fulton who couldn't stand up under Pozza's rights to the chin. Pozza is to fight Rizzeri Ronzi here, February 9.

Johnny Izzo, 164, Seventh ward, decided Bill Bradley, 160, Graceland road, in six rounds. Izzo out-bulldozed Bradley and landed the most numerous, and damaging blows. Izzo scored repeatedly with a right uppercut going into, and during clinches. Bradley took an eight count in the third when he fell, but was knocked down, on the ropes.

Izzo Too Strong

There was little action in the fourth round but in the fifth Bradley forced the right at the beginning of the round, but Izzo took the play away from him with a two-fisted attack drove him to the ropes. Izzo proved too strong for Bradley in the sixth and had Bill in a corner when the fight ended. Izzo received the decision.

Russell Baxter, 161, New Castle, and Duke Peaks, 164, Youngstown, boxed a four round draw. Baxter was nothing like his old self. Peaks forced the fighting. Judge Mike Fazzone and Judge Mickie Solomon voted the fight a draw and Referee Mike Hogan, gave his vote to Peaks.

Kenny Rose, 145, Beaver Falls, lost a four round bout which was given to Miller. The fans applauded the welterweights.

Mickie Solomon, former middleweight, refereed the first three fights, and Referee Mike Hogan, the last two. Mike Fazzone was one of the judges, while Solomon and Hogan served alternately in a judge's capacity. Humbert Fazzone kept time and Charles Walther announced the show.

New Castle Rifle Club Is Defeated

New Castle Rifle club went to East Palestine last night and dropped a match 1183 to 1178 in a thrilling finish. Wilbur Thomas shot a 242 string out of a 250 possible to be high man in the match.

New Castle scores—Thomas 242, Moore 237, Carrigan 235, Davidson 232, Gardner 232, total—1178. East Palestine—Washburn 238, Margaret Wilson 238, Bodine 237, G. Huston 236, Lipp 234; total 1183. New Castle will shoot at Beaver Valley next Monday night in a league match.

Lions Club Benefit Show Will Be Riot Of Fun

The New Castle Lions Club are bringing to this city Wednesday night at the Arena on Grove street, the "Laugh Hit of the Nation"—the Donkey Olympics. The starting time is 7:57 o'clock. General Chairman Councilman Richard L. Davis is confident the show will "go over".

Trying to build up their blind work activity fund the Lions Club is making an all-out effort to break the spacious arena floor, for this gigantic laugh-provoking two-hour show.

Laugh-A-Minute

Members of the Lions Club of New Castle and Little Beaver Lions club will ride the donkeys and participate in the various events such as basketball, polo, boxing, archery, tug-of-war, Gypsy Rose Lee "strip tease", and other events. It's a laugh-a-minute show to watch these business and professional men ride these donkeys bareback. Sheriff Frank Coen has consented to act as referee of all contests, thus seeing that right is right and there is no cheating.

Prominent men in town will act as judges of the various contests. Prizes will be awarded the winning contestants. (Linen bottles are furnished for free.)

Band Cheerleaders

The fine New Castle High band and the lovely group of young cheerleaders have been secured to add a musical and glamorous touch to the setting of the grand march and other events. The band will give out with snappy circus tunes. The girls will lead cheers for the various events.

Miss Minnie B. Riley, the show directress, has worked untiringly to have everything in readiness. There will be a dress rehearsal tonight and the show put together.

Tickets are selling for \$1.00 for adults and 50 cents for children. Tickets at the gate tomorrow night will be \$1.25 for adults.

New Wilmington-Wampum Game Is 23 Highlight

Bessemer Plays At Mt. Jackson, Shenango At Union, Princeton At East Brook

One and maybe two of the current league leaders in the red-hot Section 23 pennant chase will be eliminated from the top rung slot before the smoke of battle has cleared from the four contests scheduled in the county loop this evening.

Top-billed goes to the Wampum-New Wilmington clash carded for the Indians' floor. Both clubs are sporting five and one records in the league with Mt. Jackson.

Wampum Tough

Wampum is a tough outfit to whip on its own floor as demonstrated by the Indians' 50-54 win over Mt. Jackson in their own wigwam last Tuesday. The Greyhounds lost 57-53 to the Mounties on the formers' home court. However, New Wilmington owns an early season win over Bessemer, the team that handed Wampum its first league loss Friday night.

Coach Bob Eagleson has a smooth working, fast moving attack built around Tom Hutchison, sharp shooting forward who ranks third in the Section 23 scoring column with 88 points. Other key figures in this machine are Mitch Garrett, who ranks sixth in section scoring, and Byler, a valuable floorman who appears to be increasing his point total each week.

At Wampum, its little Allen Lewis, 5-7 junior, whose accurate one-handed tosses have kept the Hennonmen in the thick of the pennant chase. He currently rates the No. 7 slot in league point-getting and is a smooth passer. The bank shot offensive and under-the-basket shooting of Ray Armatorio is another important factor in the Wampum system of play.

Bessemer vs "Mounties"

With either New Wilmington or Wampum bound to drop from the top slot, the prospects of a single league leader becomes a real possibility. Bessemer, recent conqueror of Wampum, moves over to Mt. Jackson for a game with the top flight Mounties. The Cementers have a 3 and 3 record but have a habit of getting up for the big games and as far as the Cicconemen are concerned, this "the" one to win. August Anderson and Ray Gennaro spark the Cementers' attack. In addition Bessemer has a fine defensive guard in Chuck Stanley, who seems to get his share of points on offense and defense.

Coach Fran Webster has been drilling his team hard for tonight's contest. The game ends the first half of sectional play and he realizes that the soft touches in this top are few and far between. He has got to keep his boys in there and win them all, if possible, to be sure of a league championship. The Mounties have a ven to defeat Bessemer that is stronger than Lt. Abner's desire for poke chops and their scoring stars of Bill Emery, Pat Kerr and Ed Brandt will be out to do some real gunning tonight.

Shenango vs Union

Two old rivals clash at Shenango where the Union Hi Scotties are visiting this evening. Shenango has a 2 and 4 record while Coach Charlie James' cagers have won three and dropped the same number. A Wildcat win would tie these two clubs up and not too far from the top spot. Ed Navotne has played several brilliant ball games for the Scotties as of late

Boudreau Signs 1949 Contract

CLEVELAND, Jan. 25.—(INS)—Manger Lou Boudreau of the Cleveland Indians signed a contract today to pilot the Tribe through the 1949 and 1950 seasons.

Bill Veck, Tribe president, would not disclose the amount of cash involved in the contract, which contains no bonus clause, but said that it is "by far the largest straight contract ever offered by the Cleveland Baseball club."

Salary Not Disclosed

Although Boudreau's new salary was not disclosed, it is believed to be in the neighborhood of \$80,000. The contract was signed at a meeting between Veck and Boudreau at the Cleveland lakefront stadium.

Boudreau, who said he was "very well satisfied," watched the Tribe prey tear up the manager-short-stop's old two-year pact which would have expired at the close of this season.

Wampum Wins Crown As First Half Ends In Church B Loop

Wampum won the first-half championship of the class B church league last night with an unblemished record of 10 starts. Last night's triumph was a 62 to 50 win over their closest rival, Croton. Ray Jackson and Ed McMillin gunned 17 and 15 points respectively for the winners. Jim Snow and brother Dick combined to score 27 markers for the losers.

Wesley surprised First M. E. 34 to 29. Jack Markey got 18 markers to sparkplug the minor upset for Wesley and Jay Thompson again led the Methodist scorers with 11.

Second U. P. Win

In an exhibition tilt, Second U. P. defeated First Presbyterian 50 to 39. Bob Pitzer had 20 and brother Fran 14 for the winners. Andy Johnson got 14 for the Presby and Bob Reiber chipped in 10.

The league standings at the end of the first half:

	W.	L.	Pct.
Wampum	10	0	1.000
Croton	7	3	.700
First Presby	6	5	.600
First M. E.	4	6	.400

The Twell trophy will be run March 6. The club plans a banquet in February, officials announce.

East Brook Takes Cortland, 63 To 41

East Brook Boosters went to Cortland, Ohio last night and repeated what they did the East Brook floor recently, handed the Ohioans a neat shellacking 63 to 41. Carl Jameson continued his sensational scoring streak with 21 points again last night to be the outstanding performer on the floor. The Boosters used fine passing and beautiful teamwork in winning.

Charlie Keller Signs Contract

NEW YORK, Jan. 25.—(INS)—Charlie Keller, the hard-luck outfielder of the New York Yankees, has signed his 1949 contract and reports that he is in top shape after two seasons of injuries.

Club officials announced today that Keller had come to terms for his 10th Yankee campaign, but did not disclose details.

In 1947 he was missing from July on due to a back operation and he was hitting at a .316 clip last season when he fractured his hand in an attempted shoestring catch and missed nearly two months in mid-season.

HERE AND THERE IN SPORTS' LAND

YOUTH outdoors program committee of the Lawrence County Sportsman's Association, according to Association President Herman Steinbrink and Chairman Eddie Fritz, Jr., is ready for operation. This was decided at a committee meeting held at the association's Harbor farm, Sunday.

Here are some of the instructors, every one of whom is well versed in the particular branch, he will teach, free, to boys and girls:

Bait fishing: James Cypher, chairman; Frank Schneider and John Kiefer.

Plug casting: D. Emerick, chairman; Al Candidoto and Casey Fruit.

Fly-tying: W. T. Patterson, chairman; Claire Stitt.

Fly-Casting: Claire Stitt, chairman; W. T. Patterson and Eddie Fritz, Jr.

Rifle-shooting: Robert Graham, chairman; W. M. McCune and James Foster.

Shotgun shooting: Herman Steinbrink, chairman; Paul Crable.

First Aid: Charles Jackson, chairman; D. Emerick and Eddie Fritz, Jr.

Boating: W. T. Patterson, chairman; D. Emerick and Eddie Fritz, Jr.

Revolving shooting: George Bolinger, chairman.

According to the committee, no age limit will be set until following receipt of information from those who desire to join the classes. After replies have been received instructions will be given on Monday and Thursday evening.

As yet no place has been procured to tutor the boys and girls. However, it is proposed to ask permission of the civilian committee for the armory, of which L. B. Round is chairman. It is also likely use of council chambers, city hall, will also be requested.

The armory is favored because of the height of the ceiling which will permit casting of flies and plugs. First Aid, fly-tying and other subjects can be taught in council chambers. There is no charge, the idea being to teach young people about the outdoors, and possibly later, to organize a junior organization, over which the juniors themselves will have jurisdiction with officers of the Lawrence County Sportsman's Association acting in a supervisory capacity.

Whether the proposed project is to be a success or not will depend upon the replies received from the form published below. It is to be filled out, the person signing it to put an "X" in the box before the subject he or she desires to be informed about.
